Boys Made Liable To Work Transfer

OTTAWA (CP)—Labor Minister Mitchell announced in the House of Commons this afternoon that increased control has been taken over the employment of youths by making those 16, 17 and 18 years old subject to compulsory employment transfer orders, in the same manner as men in the age groups liable for military service.

G. S. Henry Retires

TORONTO (CP)—George S. Henry, former premier of Ontario and a member of the Legislature for 30 years, has announced his retirement from political life. Progressive Conservative officials of East York riding decided to hold a convention July 8 to name a candidate for the next provincial election.

Dutch Warned Bigger Raids Coming

LONDON (CP)—The Netherlands government in London tonight broadcast to the people of Holland an "urgent warning" of imminent intensification of air raids on Nazi war industry in the occupied countries and urged Hollanders to stay away from target areas.

The statement, broadcast over Radio Orange, declared that "attacks on factories in the Netherlands working for Germany will shortly be executed with still more fierceness than has been the case so far."

Slav Patriots at Work

BERNE (AP)—Reports from Yugoslav partisan headquarters asserted today that partisan guerrillas, operating southeast of Belgrade in the vicinity of Fozarevac, had killed 53 pro-Nazi guards and the mayors of two cities who were co-operating with the Axis.

Fish Pact Renewed

OTTAWA (CP)—The fisheries department announced this afternoon that under agreements signed here during the morning by representatives of B.C. salmon fishermen and cannery, "fishing operations during the 1943 season will continue on the same terms of agreement as were in effect in 1942."

F.D.R. Has Plan To Block Strikes

WASHINGTON (AP)—President Roosevelt said this afternoon he intends to ask Congress to raise the age limit for non-combat military service under the Selective Service Act to 65 years as a means of meeting any future threat of interruption of work in plants, mines or establishments owned by or operated by the government.

The President said in a statement that before leaders of the United Mine Workers decided to direct coal miners to go back to the job, "the government had taken steps to set up the machinery for inducing into the armed service all miners subject to the Selective Service Act, who absented themselves without just cause from work in the mines under government operation."

Blast 200 Daily

WASHINGTON (AP)—The combination of R.A.F.-R.C.A.F. air raids and railway sabotage inside France has been immobilizing about 200 trains daily, according to information reaching here from German-occupied Europe.

P.O. Harvey Minnis 'Presumed Dead'

P.O. Harvey B. Minnis, native son of Victoria, who was reported missing after air operations overseas April 27, is now reported "missing, presumed dead." A telegram to this effect was received from R.C.A.F. headquarters, Ottawa, today, by his parents, Mr. and Mrs. Arthur B. Minnis, 1285 Hollywood Crescent. The telegram quoted a message from the International Red Cross saying information received from German quarters said the Victorian "lost his life, April 27," but that no detailed information was available.

To Spend \$6,000,000 On B.C.-Alaska Road

VANCOUVER (CP)—Premier John Hart told members of the Northwest Trade Association meeting here today that the B.C. government is prepared to spend \$6,000,000 on the immediate construction of a road linking the southern part of the province with the Alaska Military Highway.

Four survey parties are now working out of Prince George to determine the best possible route, he told delegates from a dozen centres in British Columbia, Washington and Oregon. He stressed, however, the difficulty of obtaining construction equipment and supplies if it were decided to carry out the project now.

The association adopted a resolution expressing appreciation of Mr. Hart's offer, but stating it favored the B route through British Columbia to Alaska. Members pledged themselves in the resolution to urge both the Canadian and United States governments to assist in the construction of the B route.

The "B" route would connect with the Alaska Highway at Watson Lake on the B.C.-Yukon boundary, and could then follow the existing highway to Whitehorse. Two of the routes now being surveyed into the Peace

River area would follow the "B" route for some distance.

Mr. Hart also announced British Columbia is willing to spend \$6,000,000 to \$7,000,000 on a railway connection between Quesnel and Prince George if United States military authorities would undertake construction of a railway north of Prince George. The Pacific Great Eastern Railway, owned by the B.C. government, now runs from Squamish, B.C., to Quesnel.

Discussing a highway link with the north, Mr. Hart said "We are not going to sit by if the United States military do not build this road." Even to postpone action until after the war would result in a steady flow of business being established east through Edmonton.

"We are prepared—the money is available," he said. "We have immense resources in the north of coal, oil potentialities, timber, water power. There should be strong efforts to hold this business west of the Rockies. There must be a railway—there cannot be full development without it."

"I think," he added, "that in time the 'B' route highway will not be sufficient. The 'A' route (farther west) also will have to come. There will be development to warrant both."

Hart Lauded As 'Far-sighted' In Forest Plan

Leaders in the conservation movement in British Columbia came forward today to congratulate Premier Hart on his announcement of the government's decision to appoint a commission to make full inquiry into all phases of the lumber and forest industries with the view of devising a long-range policy of perpetuating the industries and of general conservation and reforestation.

Among the first to voice enthusiasm over the Premier's decision was Hon. H. H. Stevens, president of the B.C. Natural Resources Conservation League, who with Frank J. Burd, president of the Vancouver Daily Province, recently led a delegation before the provincial cabinet to suggest that the government conduct an inquiry to open the way for an advanced policy of conservation in British Columbia.

"Premier Hart's announcement of plans for a thorough investigation of all phases of the B.C. timber industry is particularly gratifying," said Mr. Stevens. "I'm especially pleased about the reference to the formation of a long-range policy of perpetuating the lumber industry. My congratulations to Premier Hart and his government for such a far-sighted policy."

TRADE BOARDS SUPPORT

In the absence from Victoria of President J. V. Johnson, G. Hamilton Harmon spoke for the Victoria Chamber of Commerce.

"I am sure," he said, "that the announcement made by Premier John Hart yesterday that the government of British Columbia will shortly start a thorough investigation into all phases of the British Columbia lumber and logging industry will have the full support of the Victoria Chamber of Commerce and the Associated Boards of Trade of Vancouver Island."

Equally enthusiastic about the government move was Major Harold Brown, a director of the Conservation League.

"Citizens of B.C. will welcome this move," Major Brown said. "I'm delighted to hear of it. Plans for post-war industry are important, now, and the whole question of the logging industry is a vital study. Now is the time to study the economics of logging, thereby eliminating wasteful methods and instituting such improvements as reforestation on a scientific plan. Mr. Hart's announcement shows the government is awake to the importance of having B.C. resources at full strength in the post-war period."

TOURIST ASSETS

"We who are interested in the tourist industry are more than pleased to see this action," said W. J. Clark, president of the Victoria and Island Publicity Bureau and a director of the Conservation League. "I hope that in their investigation the committee will not overlook the importance of conserving the beauty spots of the province, especially timber along stream and lakes. Cathedral Grove is but one of the districts I have in mind when I say this. Preserving timber along streams not only keeps up the water level and conserves fish. It is also important to the tourist attractions and the tourist industry is one of the province's most important assets."

New 'Burma Road' Open Through Tibet

NEW YORK (CP)—A new supply route to China has been opened across the Himalayas and through Tibet, and "the first supply convoy is already on the way," the BBC reported today in a broadcast picked up by CBS. It added that "after negotiations between the governments of Tibet, China and Britain, the Tibetan government has permitted the passage of supplies destined for China."

Aberhart Left \$41,535.

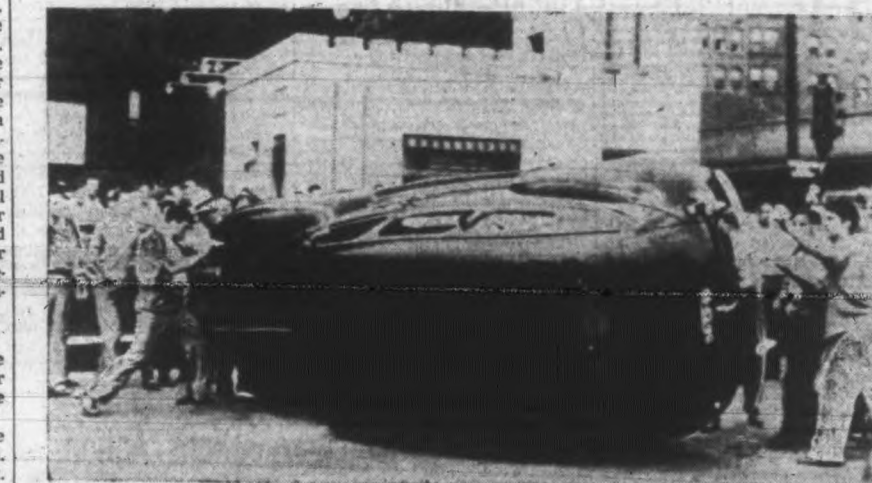

EDMONTON (CP)—The late Premier William Aberhart left an estate with a net value of \$41,535, it was shown today when his will was filed at the Edmonton court house for probate. The widow, Mrs. Jessie M. Aberhart, who is now living in Vancouver, was named sole beneficiary and executrix.

Italy May Have to Face Allied Invasion Alone

Race Rioting in Detroit

During Detroit's race rioting, in which 29 persons were killed, more than 700 others injured, 1,250 arrested, 929 jailed, white rioters are shown pursuing a negro across a crowded main street. The negro's auto was stopped, overturned and burned and its owner was severely beaten.

White rioters give a negro owner's car the "once over" in Detroit rioting.

In race rioting an auto owner gives the boot to a negro after his car had been stoned in Detroit.

Navy boys from the nearby naval arsenal are strung across a roadway to clear the street for traffic to halt race rioting in Detroit, which was thought to have started with a minor squabble in a traffic jam on Belle Isle Bridge.

Duce's Legions Must Bear Brunt Of Initial Blow

LONDON (CP)—The Germans, still playing an invasion-guessing game, were represented by the Berlin radio today as picking Italy as the most likely Allied landing spot, but there were indications they expected their junior partner to meet the initial attack with little aid from the Nazi war machine.

A Berlin broadcast recorded by Ministry of Information promised help "in case of a decisive battle on Italian soil," implying that until then Mussolini's legions should shoulder the greater part of the weight.

There were some reports on the other hand that the Nazis already were rushing troops and planes to the Calabria coast line, the section of the Italian mainland nearest to the present Allied bases, but there was no confirmation.

The Berlin broadcast hinted Mussolini has called home his troops that have been policing occupied territory in Europe.

Erich Schneider, editor-in-chief of Transocean news agency, said flatly in a Berlin broadcast heard by the Associated Press, that "Italy is expecting invasion."

Nazis Must Watch All Mediterranean

All signs point to landings there, he declared, but added that, "of course, the other Mediterranean coasts, especially the Balkans, must be watched, too."

After inspecting Italy's defenses, a correspondent of the German propaganda agency, Transocean, said in a broadcast today he was "inclined to think an attacker has little chance" of capturing the island.

He said he had seen aerial photographs of north African ports which "permitted significant deductions" with regard to Allied preparations for invasion. The correspondent went on to describe the island's defenses as formidable and very deep, with strong reserves of crack German and Italian troops in readiness to meet an attack at any point.

A dispatch from Stockholm quoted the Berlin correspondent of the Stockholm Tidningen as saying that the Nazis, faced with a dwindling reserve of seasoned troops, now were equipping every fourth infantryman with a machine gun to step up their fire power.

Previously every 10th German trooper carried a machine gun. An R.A.F. commentator made clear today Rome could be removed definitely and permanently from the threat of Allied bombing only if it were made an open city and the United Nations were convinced it was not participating in the Axis war effort.

Allied Air Loss Less Than Enemy's

Recalling that Propaganda Minister Paul Joseph Goebbels a year ago assured Germans after the first 1,000-bomber raid on Cologne that the R.A.F. could not keep up such attacks, the commentator said the R.A.F. and R.C.A.F. sent more than twice as many planes to attack the Reich last May as in May, 1942. Last May the R.A.F. dropped four times as many bombs as in May, 1942, he said, and the crew loss rate per ton of bombs was reduced, more than a third.

The R.A.F. dropped more than 15,000 tons of bombs from May 22 to June 22, he said, in addition to the bombs dropped by U.S. planes.

Attempting to retaliate, the Germans sent 1,400 planes across Britain's coasts in the first 170 days of 1943—only twice the number the R.A.F. sent against Germany last Monday night alone, the commentator said.

About half the Nazi planes were Focke-Wulf 190s carrying a single bomb, and the total dropped was about 1,300 tons, contrasted with more than 2,000 tons dropped by the R.A.F. and R.C.A.F. on Dortmund in one hour May 23.

Of the German raiders 211 were destroyed, he added.

Internees Freed In North Africa; Work For Allies

ALGIERS (AP)—The joint commission for political prisoners and refugees, headed by the British and United States consuls-general in Algiers, announced today the liberation of all persons who were interned in concentration camps, incorporated in labor companies or confined to specified residential areas prior to the landing of Allied military forces last Nov. 8.

A report signed by the consuls-general also announced that approximately 200 political prisoners, the majority of whom are Spanish Republican refugees convicted in the courts of infractions of discipline in internment camps or of participation in violent political demonstrations, would be granted amnesty.

This amnesty has been delayed, the report stated, "by the temporary confusion resulting from the transition from the high command to the French Committee of National Liberation, but is expected soon."

PAID FOR WORK

A large number of those set free by the commission's order have signed contracts as civilian employees of the U. S. armed forces, the commission said. They are given the current prevailing wages and are not organized in military formations. Others joined British pioneer battalions and are receiving the same pay, rations and quarters as British soldiers.

The commission declared the liberation of several thousand persons affected by its work has proceeded "as swiftly as military security, the necessary investigations and the making of arrangements for the maintenance of the internees after their release would permit."

Young Soldiers Made Brigadiers

OTTAWA (CP)—Appointment of Brig. J. L. Melville, 54, of Ottawa, as chief engineer of the Canadian army overseas, succeeding Maj.-Gen. C. S. L. Hertzberg, 57, of Toronto, was announced by Defence Headquarters Tuesday night.

Simultaneously Defence Headquarters announced appointment of three other officers of the overseas army to important new posts.

The other appointments: Brig. C. Churchill Mann, 38, of Toronto, who won the Distinguished Service Order at Dieppe assumes command of a Canadian infantry brigade. He was formerly brigadier, general staff. Col. W. J. McGill of Ottawa, who will be 36 next Saturday, is promoted to the rank of brigadier and appointed brigadier, general staff. He was formerly assistant deputy adjutant-general at Canadian military headquarters in London.

Lt.-Col. A. B. Connelly, 35, of Wolfville, N.S., is promoted to the rank of brigadier and appointed chief engineer of a Canadian corps. Formerly he was chief engineer of a Canadian armored division.

There was no announcement concerning a new post for Gen. Hertzberg, but it was recalled that 57 was the age limit recently set for officers below the rank of lieutenant-general in operational posts overseas.

A native of Glasgow, Brig. Melville came to Canada in 1913. He served overseas with the Royal Canadian Engineers in the First Great War.

Brig. Mann, one of the youngest brigadiers in the Canadian army, was born in Nutley, N.J., but his family moved to Canada.

Brig. McGill was born in Ottawa.

Brig. Connelly was born in Anble, Northumberland, Eng., but was educated in Canada.

Sets Aside Proposal Of Rail Wage Boost

WASHINGTON (AP)—An informed source said today that Stabilization Director Fred M. Vinson had issued an order setting aside an emergency board's recommendation of an eight-cent hourly increase for more than 1,000,000 non-operating railway employees in the United States.

Vinson's order, it was learned from this source who asked that he not be named, said the emergency board may reconsider its award on the basis of a memorandum he will prepare within 10 days.

However, a legal complication arose because the board has been disbanded and no one would say immediately how it would be legally reconvened unless by President Roosevelt himself. It was appointed originally by Dr. William M. Leiserson, chairman of the national railway labor panel.

Lead is the one common metal available in the United States in sufficient quantities to meet both military and civilian needs.

Heavy Bombers Hit Italian Supply Line

By NOLAN NORGARD

ALLIED HEADQUARTERS IN NORTH AFRICA (AP)—

Sweeping in with heavy bomb loads, less than 12 hours after U.S. bombers had hit the same targets by daylight, Wellingtons of the R.A.F. smashed at Salerno Monday night in a continuation of Allied efforts to knock out the underpinnings of Mussolini's supply system for southern Italy and Sicily.

Bombs were planted squarely in the freight yards and near barracks at Salerno, 30 miles southeast of Naples, and huge fires broke out, Allied headquarters said.

Salerno is a key point on the main electric railway running southward from Naples to the Italian toe. The American raid already had caused extensive damage to the many railway sidings, repair depots, and approaches to the yards there, and reconnaissance reports showed railway traffic already had been interrupted for 24 hours by the smashing of roundhouses, turntables and other installations at other points along the line.

The Wellingtons encountered only light anti-aircraft fire as they swept in over their targets, and no enemy fighters. All the raiders returned safely to their bases.

The only other aerial activity of the Northwest African Air Force Tuesday was patrolling and reconnaissance, the bulk of the hundreds of bombers and fighters being inactive.

But a medium-sized enemy vessel, caught towing six barges 30 miles off the southeast coast of Sicily the previous night, was sunk by R.A.F. Beaufighters which swept through a barrage by an escorting destroyer and tug.

SHIP BLOWS UP

The Beaufighters scored two direct hits and the ship blew up. The Allied airmen then attacked the barges and destroyer, but the results were not observed.

One Allied plane was lost in all Tuesday's operations, which included forays by Malta intruders over Sicily and southern Italy Tuesday night when railway stations and a factory were attacked with bombs and machine-guns.

A supplement to a Malta communiqué said Malta-based plywood Mosquito bombers also harassed Sicilian airfields and

railways Tuesday night, especially at Sibari, Licata and Trebisacce.

At the same time a Middle East air communiqué issued in Cairo reported that R.A.F. light bombers from that command sank a small sailing vessel off the coast of Scarpanto Island in the Aegean Sea on Monday.

The broadcast Italian communiqué, acknowledging the raid on Salerno, said also that Castelvetrano and Milazzo in Sicily, and Olbia in northern Sardinia had been bombed and machine-gunned. Forty-one were reported killed and 50 injured at Salerno and five killed and 55 injured in the Messina straits area.

The broadcast, recorded by the Associated Press, claimed that Italian planes had attacked a convoy off the northern African coast Tuesday, sinking one 12,000-ton ship and damaging another of 7,000 tons. A third merchantman was reported hit in the gulf of Tunisia.

Italian air formations, the communiqué declared, bombed the port of Bizerte and also reached across the eastern Mediterranean to hit road and railway objectives south of Jaffa in southern Palestine.

ARSENAL IN FLAMES

The northwest African air force announced that reconnaissance photos showed 40 per cent of the Italian royal arsenal was destroyed by flames and explosions in Monday's bomber attack on Naples.

Other damage included at least three direct hits on the torpedo factory, severe damage to an air frame works, several hits on the artillery barracks and motor transport depots, at least 25 hits on the central station and railway sidings, 10 hits on the locomotive sheds, two hits on the roundhouse, a hit on the turntable and destruction of many freight cars on the tracks.

At nearby Cancelli the entire motor transport and stores depot was devastated and 16 buildings were destroyed, the photographs showed four fires were still blazing 24 hours after the raid.

At least 40 rail cars were destroyed or damaged by the American bombing of Battipaglia, near Naples, and there has been no movement of rolling stock through that railway centre of the line south to the Italian toe since the attack, headquarters said.

Weather Halts Aleutians Action

HEADQUARTERS, ALASKA DEFENSE COMMAND (AP)—The question "what's happened in Alaska since the capture of Attu?" brings one answer from the United States army.

The answer is: Only the weather has happened.

The fact is the weather has brought operations against Kiska to a virtually complete standstill. Even while the Attu attack was under way, aerial assaults against Kiska were almost impossible due to the heavy Aleutian fog which began hovering over most of the islands about a month ago. It is still there.

This fog emphasizes misconceptions about Aleutian weather common everywhere except in the Aleutians.

The general idea is that summer is an excellent time for aerial or ground action in the islands. This is not true.

The fact is that just now fog is so thick that only a half dozen or so raids have been made since June 1 on Kiska, even from nearby bases at Amchitka and Adak. This fog is so tough that even transports which need only to get to their destination—not drop bombs on it—have been able to make only a couple of trips in the last 17 days between two Aleutian bases, where the army has ships available and cargo enough waiting for several trips daily.

Council Sidetracks Claim to Town Jail

HARVARD, Neb. (AP)—Robert Pinckney, 16, clung steadfastly today to his claim of ownership of the municipal jail here, despite the action of the city council Tuesday night ignoring him completely.

In a brief session the three-man council rescinded the appointment of the youth's father, Dr. C. E. Pinckney, as city physician, approved current bills, then adopted a motion to adjourn. Dr. Pinckney is the only physician in this town of 700.

Officials wouldn't comment on the reason for removing Dr. Pinckney and the doctor said after the meeting "that takes a load off my mind. I'm not sorry to lose that job."

Robert Pinckney, declared "I'm hopping mad. The meeting ad-

jourled before I could even mention my ownership of the jail."

He had said prior to the meeting that he had assurance from Mayor Nels Torsteson that "some kind of settlement would be reached."

Robert paid six dollars for the building and four lots, one of which contained the jail, at a recent sale of municipal property. Mayor Torsteson said the jail was listed by error.

Joint Holiday Plan In Yukon Territory

TORONTO (CP)—Canadian and U.S. soldiers stationed along the Alaska Military Highway will stage a combined Dominion Day and Independence Day holiday July 5, Isaac Taylor, owner of eight general stores in the Yukon Territory, said in an interview here. Mr. Taylor is in Toronto on a buying trip.

He said the men in Whitehorse are planning to recall the days that Robert Service wrote of in his poems, with roulette wheels, "phone money" and other gambling devices. They will dress as gamblers of '98 and will impersonate characters from the Service poems.

Dominion Cuts Grants To War Service Groups

OTTAWA (CP)—Government grants to national organizations which have foregone the privilege of making public appeals total \$3,619,356 so far this year, War Services Minister LaFleche reported Tuesday to the House of Commons.

Details of the grants, given in a return requested by J. F. Pouliot, Lib., Temiscouata, Que., with 1942 grants in brackets: Canadian Legion \$975,908 (\$1,373,333), Knights of Columbus \$419,702 (\$973,626), Salvation Army \$748,274 (\$856,849), Y.M.C.A. \$1,329,802 (\$2,075,788), Y.W.C.A. \$105,000 (\$188,000), Navy League \$40,000 (\$200,000).

Occasional Chairs

Charming in their appearance. These chairs are upholstered in a variety of patterns and colors. Sturdily built for use, they are priced at \$15.50.

Envoy Informed Russia Believes 2nd Front Needed

MOSCOW (AP)—Russia's belief that a second front is urgently needed for a quick victory over Germany was voiced to U.S. Ambassador William H. Standley by Foreign Commissar Vyacheslav Molotov, it was disclosed belatedly today by the Russian press.

"Let us remember that millions of suffering people are living in the certainty that the time is not far away when the enemy will feel the crushing power of a common Allied offensive," he told Admiral Standley Tuesday on the second anniversary of the German invasion of Soviet Russia.

In a speech thanking the ambassador for American decorations awarded to Russian soldiers and sailors, Molotov said the common Allied offensive would be the foundation of victory and of post-war co-operation.

His speech was printed in the Soviet press today, which editorially echoed his call for a second front.

Investia, official organ of the Supreme Council of the U.S.S.R., said "Efforts of the Russian people have brought Germany to the brink of a catastrophe. We are ready to do everything so that an offensive by freedom-loving states will bring a speedy rout of the Axis."

Wilhelmina Guest At Roosevelt Home

WASHINGTON (AP)—The White House announced today that President and Mrs. Roosevelt spent last Sunday at their home at Hyde Park, N.Y., with Queen Wilhelmina of the Netherlands as their guest.

White House officials said they had no reason for believing the visit of Wilhelmina was anything more than social.

R.C.A.F. Plane Lost

WINNIPEG (CP)—Search was under way today in the northern Manitoba lake district for four airmen from No. 1 Central Navigation School, R.C.A.F., Rivers, Man., missing since Tuesday morning. No. 2 Training Command, R.C.A.F., stated here today the search centres in the Oak Point district on Lake Manitoba.

The missing men include a Canadian pilot and three overseas men. They left Rivers at 9 a.m. Tuesday on a navigation exercise flight in an Avro Anson training plane.

THE ARMY SHOW Will Be Here June 29 and 30, at the Royal Victoria Theatre

Canada's All-soldier Stage Show. Step up on the band wagon of Canada's biggest stage production—"The Army Show." There's music, there's fun and entertainment for everyone. Proceeds for the welfare of the troops.

Plan to Divert Fruit To Processors

TORONTO (CP)—M. M. Robinson, director of the Ontario food distribution council, said here that some estimates of damage from the winter freeze and wet spring in Ontario placed "fruit tree loss at well into 1,000,000 trees."

He said that as a result of the extreme damage to the Ontario and British Columbia tree fruit

crops, the Prices Board and the federal department of agriculture, through the food board, were planning diversion of some fruits, especially peaches, to the processors.

He estimated the Ontario peach crop at 30 per cent of normal, the sweet cherry crop at 40 per cent, and the sour cherry crop at 50 per cent.

An attempt to evolve a plan of diversion will be made at a meeting at Ottawa Friday, he said.

SAVE CLOTHES IN WARTIME

...every washday...with OXYDOL!

Wash WHITE WITHOUT BLEACHING and CLEAN WITHOUT HARD RUBBING

Get beautiful white washes with rich, safe washing action alone. Of course your clothes last much longer! You don't rub things threadbare to get the deep dirt. You don't run your washer extra minutes as you often do with poorer soap. And you don't risk weakening fabrics or fading colors to bleach your wash sparkling white. With the new OXYDOL you get a beautiful wash just with rich, safe washing action. It's much richer in washing power now. Every ounce gets more dirt for you—draws it out gently, safely. Except for some unusual stains, your wash comes so clean and white you'll hardly believe you haven't used a bleach. And your washable colors come daisy-bright. For with all its wartime efficiency, Oxydol is safe even for your lovely washable rayons. So change to OXYDOL. Make your clothes last twice as long from the standpoint of washday wear and tear as clothes you rub and wear to death with old-fashioned washing.

OXYDOL washes WHITE WITHOUT BLEACHING

Made in Canada

Coalition Candidate Defeats C.C.F. Man In Manitoba Test

KILLARNEY, Man. (CP)—Conservative Coalition members in the Manitoba Legislature stood at 12 today following election Tuesday of A. W. Harrison in the Killarney by-election.

When complete returns were reported late Tuesday night the Conservative Coalition nominee had 1,377 votes compared with 988 for his only opponent, R. Merrill Chapman, C.C.F.

It was the first by-election since Premier Stuart S. Garson succeeded John Bracken, now national Progressive Conserva-

tive leader, and since the C.C.F. withdrew from the coalition.

The victory gave the non-partisan government 46 members in the 55-member house. There are seven opposition members, including three C.C.F. Two seats—The Pas and one in Winnipeg—are vacant.

The campaign was largely fought on the coalition issue. C.C.F. spokesmen said the party members in the Legislature have never been "completely satisfied with the coalition government."

Coalition supporters, including Premier Garson and several of the cabinet ministers, defended formation of the coalition for the duration and charged the C.C.F. with breaking from the coalition without a mandate from their electors.

The unofficial majority of 389 for Mr. Harrison was 212 lower than the majority of the late J. B. Laughlin, Conservative, in the 1941 general election. Mr. Laughlin polled 1,415 votes against 814 for A. E. Foster, Liberal-Progressive.

No Motion for Probe Into War Profiteering

VANCOUVER (CP)—A prompt investigation by federal authorities to refute or confirm charges of local war profiteering made last week by Harold Finch, C.C.F. leader in the British Columbia Legislature, was urged Tuesday night by several members of the Vancouver city council, but at the request of Mayor J. W. Cornett no motion embodying the demand was introduced, as it might "smack of politics."

ANNOUNCEMENTS

Dog collars and leads. A fine selection at McMartin's, 716 Yates Street.

Sidney Hotel, on account of labor shortage the dining-room will close from 2 to 5 p.m. and at 8 p.m.

Sale continues. More lovely straw hats to group of \$2.95 values to \$5. Myro B. Cicero, 101 Campbell Bldg. Business hours 9.30 to 5.30.

RECTAL SORENESS AND PILE TORTURE QUICKLY RELIEVED

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once. For this purpose get a package of Hem-Roid from Modern Pharmacy or Cunningham Drug Stores, or any druggist, and use as directed. This formula which is used internally is a small, easy-to-take tablet, will quickly relieve the itching and soreness and aid in healing the sore, tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost. If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

17,000 Persons In Toronto Pledge Friendship to Russia

TORONTO (CP)—A parade of detachments of the armed forces of Canada and members of auxiliary services took part in a huge Salute to Russia demonstration before more than 17,000 persons in Maple Leaf Gardens here Tuesday night.

Led by the bands of the navy, army and air force, the servicemen and women filed through the stadium to the speakers' stand, then marched to their allotted places, from where they heard addresses by Prime Minister King and Joseph E. Davies, former United States Ambassador to Russia.

Both speakers praised the work and spirit of the Russian forces and many times were forced to pause as a result of the applause.

Prior to the addresses, the military bands combined to play the national anthems of the British Commonwealth of Nations, the United States, Russia and China. This was followed by the invocation read by Rt. Rev. J. R. P. Slater, D.D., of Toronto, Moderator of the United Church of Canada.

Songs of the Russian people were rendered by a choir of 400 mixed voices.

First to speak a few words was Sir Ellsworth Flavelle, chairman of the Provisional Committee of the Council for Canada-Soviet Friendship, sponsors of the demonstration, who introduced Mr. King.

The Prime Minister in turn, after a few words, turned over the speakers' stand to Hon. Feodor Gusev, Russian Minister to Canada, who told the audience that without the help of Canada, the United States and Britain, in their efforts to send supplies to his country, Russia could not have held off the concerted efforts of the Germans.

Following his remarks, Mr.

King continued his address and then introduced Mr. Davies.

MR. DAVIES

Mutual confidence between Russia and her allies in the United Nations—particularly Canada and the United States—is essential to a lasting peace, Mr. Davies said.

"Without Russia there can be no stable peace," he said.

"Russia needs peace—wants peace. It is vital that Russia should trust us, and that the United Nations should trust Russia. That can be based only on mutual respect, friendship and mutual confidence."

Differences in ideologies and religion should not be a barrier to an agreement on matters vital to security and peace of the United Nations, Mr. Davies said.

TRIBUTE PAID

In an early section of his address he paid tribute to Canada's war effort.

"In every way, your soldiery and your citizenry alike, have measured up to the full stature of your great country. Of particular significance and value has been the contribution which your Prime Minister, the scholar and statesman, Mr. Mackenzie King, has rendered in the councils of the United Nations."

Of his recent mission to the Soviet, Mr. Davies said:

"All I can say is that I delivered a letter to Mr. Stalin and delivered a reply to Mr. Roosevelt. The mission has been pronounced as completely successful at both ends of the postal route."

"Apart from acting as a postman, my mission was that of an ambassador of good will. In that connection, the specific instructions from the President were that in that purpose I was to be concerned as greatly with the British Empire and the other

United Nations as I would be for my own country.

"It is, however, fair inference, which we may all take, that this, in and of itself, bespeaks a unity and agreement with reference to military activities or other plans, as between our great leaders, Mr. Churchill, Mr. Stalin, Mr. Roosevelt and those of the United Nations. That, I am sure, gives us all great satisfaction."

Mr. Davies cited three major impressions which he gained on his most recent trip to the Soviet:

1. "The fighting men of the United Nations are doing a superlatively good job. We are on the way to victory."

2. "The world has become a mighty small place, and a disturbance of the peace anywhere comes right home to our front yard."

CANADA IN CENTRE

3. "Canada and the United States are right in the centre of this small, contracted new world, geographically, politically, economically and militarily. The interests of Canada, the United States and continental America are very closely knit together. We are all in a similar position and in equal jeopardy."

"We will soon be more closely interlocked with airplanes across the Pole," he said. "Moscow will soon be overnight from New York. We three great nations, and only we three—Russia, Canada and the United States—will be at that hub and in fact, be the hub of the world."

"Mutual trust, confidence and respect as between the Soviet Union, Canada and the United States are of particularly vital consequence to us. That is the fact, and we should not forget it."

Climax of the demonstration was the marching out of the stadium of the troops after the bands again had combined to play Canada's national anthem.

De Valera Leads In Fire Voting

DUBLIN (CP)—Incomplete reports from many of Eire's 137 constituencies today showed Prime Minister Eamon de Valera's Fianna Fail government polling heavily in Tuesday's general elec-

tion as compared with the opposition.

Voting was under the proportional representation system and vote-counting is slow.

Up to early this evening the Fianna Fail had won three seats and William T. Cosgrave's Fine Gael one. The Labor Party, led by William Norton, had yet to score.

Counting of ballots began this morning. Contesting the 137 seats—the 138th in the Dail is for the Speaker, who received his customary acclamation—were 355 candidates.

The public is awaiting the full returns from Eire's first election since 1938 with the same calm as it maintained throughout the short campaign and the balloting. Ballot-counting is expected to continue through at least two more days.

Early returns from Cork City showed Prime Minister de Valera leading, while Mr. Cosgrave led in County Clare.

In the last House the government had 76 members and the Fine Gael 41. Labor held 10 and Independents seven. There were three vacancies at dissolution.

On Moscow Mission

MOSCOW (AP)—Capt. Eddie Rickenbacker has been in Moscow since Sunday on a mission as the representative of the United States Secretary of War Henry L. Stimson. It was disclosed today.

He arrived by air. The news of his presence in Moscow was made public to those present Tuesday at a Kremlin ceremony where U.S. Ambassador William H. Standley presented 60 American military awards to Russian soldiers and sailors.

Student Flier Killed

WINNIPEG (CP)—An R.A.F. student pilot, from No. 41 S.F.T.S., R.A.F., Weyburn, Sask., was killed Tuesday when his Harvard training plane crashed two miles north of Yellowgrass,

'United Nations Debtors One of Another'—King

TORONTO (CP)—Recognition that the prosperity of nations, like their security, is indivisible is the key to the new postwar order, Prime Minister King said Tuesday night.

In an address delivered at the Canadian-Soviet Friendship rally here, the Prime Minister said the interdependence of nations is the only basis of a sound foreign policy. He was introducing Joseph E. Davies, former U.S. ambassador to Russia, principal speaker at the meeting.

Mr. King spoke of the heroism and endurance of the Russian people.

"In this global war, we of the United Nations are all debtors one of another. The resistance of the Allied nations on the continent of Europe, the prolonged resistance of Britain, supported by Canada and other nations of the Commonwealth, gained for Russia two precious years in which to strengthen her defences."

TIME TO PREPARE

"In turn the marvelous resistance of the Russians relieved Britain of the weight of the Nazi attack. It also gave time to the nations of the British Commonwealth, and of the United States, to prepare for offensive action against the enemy."

"Indeed, the importance of Russia's resistance has been so great that we hardly dare ask ourselves what might have happened if, in-

Sask., No. 2 Training Command, R.C.A.F., announced here today.

stead of standing firm, the Russians had yielded or had been overcome."

Recognition of the debt owed to these people and sympathy for their suffering had led to the organization in Canada of the aid-to-Russia campaign. The new Council of Canadian-Soviet Friendship, like the campaign, had no official character but its underlying purpose had the warm support of the government.

A combination of geography and aviation had made Canada and Russia near neighbors and the council aimed at good will and friendship which would extend into the years after the war.

DISTINGUISHED NAMES

Among the distinguished Canadians who attended or took part in sponsoring the gathering were: Lady Eaton, Mrs. Edgar Drury Hardy, president of the National Council of Women; Mrs. Norman C. Stephens, president, Toronto Local Council of Women; Hon. Leighton McCarthy, Canadian Minister to the United States, who came from Washington; Mr. and Mrs. John David Eaton, C. L. Burton, Surgeon Commander C. H. Best, director of Banting Institute and director of research for the Royal Canadian Navy; Sir Edward Wyllie Grier, well-known artist; S. J. Zacks, president, United Welfare Fund; Ben Sadovskis, president, National Motors Ltd.; Major-General J. A. Gunn, C. H. Carlisle, president, Dominion Bank of Canada.

Ivor Lewis, Mrs. H. D. Warren, Morley Callaghan, Boris Ham-bour, Dr. Healey Willan, A. Y. Jackson, artist; Hon. W. D. Ross, Dr. W. E. Gallie, dean of the department of medicine, University of Toronto; D. C. Coleman, president, C.P.R.; Dr. J. B. Collip, Montreal, scientist; Senator Norman Lambert, Senator C. P. Beaudin, Senator Rupert Davies, Senator J. H. King, Arthur Lis-mer, Montreal artist; Sidney E. Smith, vice-chancellor, University of Manitoba; L. S. Klinck, president, University of British Columbia; Ross H. McMaster, Montreal, president, Steel Company of Canada; W. F. Angus, Montreal, president, Dominion Bridge Co.; P. A. Chester, general manager, Hudson's Bay Co.; S. L. Decar-teret, Montreal, vice-president and general manager, Canadian International Paper Co.; Hon. C. A. Dunning, president, Ogilvie Flour Mills; E. Inglis, Winnipeg, president of the International Brotherhood of Electrical Workers; and A. R. Mosher, president, Canadian Congress of Labor.

TUCSON, Ariz. (AP)—J. Noah H. Slee, 82, founder of the Three-In-One Oil Company, and husband of Margaret Sanger, birth-control crusader, died from a cerebral hemorrhage at his home Monday night.

Coal Production In U.S. Resumes; Miners Returning

WASHINGTON (AP)—A back-to-work movement in Pennsylvania and West Virginia captive mines signaled the end today of the third general wartime coal strike in the United States, with indications pointing to nearly full-scale production Wednesday.

Responding to instructions from the United Mine Workers' president, John L. Lewis, and his policy committee, the men who dig coal for the big steel companies left off the return to work—a return ordered only until Oct. 31 and conditional on continued government operation of the mines.

These conditions led operators and others to protest that the main issue—a new contract embracing portal-to-portal pay—was merely postponed, not settled.

Except for the captive mines, few pits returned immediately to production as local unions awaited receipt of the formal order to go back to work. Partial crews showed up at some shafts, but operations were far from normal.

Despite some expressions from union leaders of dissatisfaction with the settlement, an early check indicated no move to disregard the policy committee's order.

Resumed production for the steel plants—although on a reduced scale—removed the immediate threat to war production and led steel company officials to cancel plans for further curtailment of operations.

In addition to specifying that the government must not restore direction of the mines to their owners, the union's back to work order carried a board indication that the miners would resort to the courts in an effort to obtain the underground travel pay denied them by the War Labor Board.

The immediate reaction of W.L.B. Chairman William H. Davis to the miners' decision was expressed in these words: "I take Mr. Lewis' statement to mean the production of coal will be resumed under the conditions ordered by the War Labor Board, and I think that's all the country is interested in."

Whether this victory claim was shared by a majority of the board was uncertain. Technically Lewis was still in defiance of the contract as directed, even though it appeared he was accepting the wage terms of that contract.

It was possible the W.L.B. might yet protest to the President against Lewis' condition that the government must retain direction of the mines.

Wool felt is now used to make washers, gaskets and similar items, saving much rubber for other purposes.

One very good reason is that it is extremely unlikely that you will be able to choose from such a wide selection for a long, long time to come. And another is that every time we have to go into the market and buy new furs the price is always up. As furs the price is always up. As compared with today's replacement prices, the prices of any of our finest furs represent a very decided saving. These are easily ascertained facts that make it wise, far-sighted economy to purchase now the Fur Coat you want for Next Winter. And, of course, we will be glad to store your Fur Free of Charge in the good company of some of the Best-known Furs in Town.

Today's WAR NEWS Analysis

By MAX HILL
Associated Press War Analyst

The day the Axis radio told us there would be an invasion of Europe—June 22—has passed without any sign of activity on the part of Allied forces.

There was on that day, however, one dramatic clue to events to come. The BBC in a program beamed to France said: "Be ready!"

The French were told eight months ago that the Allies would let them know of invasion in time for them to give every aid possible. The broadcast, which was described as sponsored by the Inter-Allied high command, urged the French to be prepared and ready to act at any moment henceforth.

Now this may be just another phase of our excellent campaign to confuse the Nazis, but it will be a bitter blow to French morale should it be another ruse.

It is obvious that in some parts of France the inhabitants would welcome Allied invaders and do all possible to assist them. The Germans are aware of this, too, and they know also that this area is more vulnerable than many parts of Europe.

The BBC broadcast was the most specific reference to a probable invasion plot which has been made to date.

In Washington, Navy Secretary Frank Knox told a press conference that "preparations for the second front are going on." But

he could not speak in specific terms about the time and place. His remarks were made in response to an inquiry about the Russian communique which Moscow broadcast on the second anniversary of the Russo-German war. The Russians asked bluntly for a second front, and said victory was impossible without it.

There are several ways to view this development. Could it be that the Russians fear—or know—there will be no second front in Europe this year, and are putting their protest on the record books immediately?

If so, the remarks of Mr. Knox must have reassured them, and he also admitted indirectly that he could understand why the Russians didn't want to become involved with the Japanese at this time.

There has been much criticism in the United States, most of it unwarranted, about Russia's attitude in the Far East. Knox made it clear that at least the U.S. navy does not hold this against the Soviets. But the most important part of what he said on this subject was this: "Russia doesn't want an involvement out there while she has the German enemy engaged on the west."

While Knox didn't say in so many words that the United States has an understanding with Russia about the war in the Pacific after the European conflict is over, it could easily be inferred from that one remark.

Letters to Editor

TOMORROW'S MEETING

For some time past there have been widespread protests against the regulations governing the distribution of available sugar supplies in Canada with reference to allowances for jam and fruit preserving.

In an effort to lay the facts of the situation clearly before the public and to bring into one effective agency all interested individuals and organizations a public meeting will be held in the Chamber of Commerce Building on Thursday, June 24, at 8 p.m.

This is an opportunity to translate verbal complaints into organized action.

J. M. THOMAS.

3366 Glasgow Ave., June 23.

WHEN THE WAR IS OVER
You are to be complimented on

reprinting the item from the Halifax Herald under the title of "And When the War Is Over."

There is a tendency among inexperienced help to be discourteous during the present troubles of retail merchants and service offices. Much of this is done without the permission or knowledge of the proprietors. True, many customers are unreasonable and in the repetition of the same question many times each day, inexperienced help does not carry out the principles of the employers.

Credit Granters' Association of Victoria have been continuously bringing this matter before their members and many are educating their employees to the necessity of courteous treatment of all customers. Every intelligent businessman realizes that such treatment of present customers

WEDNESDAY, JUNE 23, 1943

Rebuke For C.C.F.

MANITOBA'S PROVINCIAL CONSTITU-
ency of Killarney saw no reason to
change its representation in the Legislature
when its voters went to the polls yesterday
to choose a successor to the late Mr. J. B.
Laughlin, who won the seat as a Coalition-
Conservative over his Liberal opponent in
the general election in 1941 by a majority of
601. Complete returns this morning show
the government standard-bearer, Mr. A. W.
Harrison, polled 1,377 votes against the C.C.F.
nominee's 988.

Considerable national as well as provincial
interest had centred on this contest in
Manitoba, not only because of the results in
recent byelections in British Columbia, but
also because it gave the electors of Killarney
an opportunity to show what they thought
of the C.C.F. party's action in withdrawing
its support from the Coalition government—
which it had helped to establish—without a
mandate from the electors. This was the
sole issue of the campaign. But spokesmen
for the malcontents made much of the argu-
ment that they were never "completely satis-
fied" with the administrative structure over
which Mr. Bracken had presided so long and
so successfully—not a convincing alibi.

Although the result in Killarney does not
affect the party standing in the Legislature,
the non-partisan regime commanding the
support of 46 members out of a total of 55,
it will have to be accepted by the C.C.F. as a
definite rebuff on its first test since it de-
cided to "paddle its own canoe." And the
verdict, incidentally, also should be carefully
noted by the Coalition government of British
Columbia. In this province the Manitoba
system still is in its youth. Liberals headed
by Premier Hart and the Conservatives led
by Attorney-General Maitland have much to
do in the way of consolidating their interests
and objectives. To be sure, our Coalitionists
have rendered an excellent account of them-
selves, the public generally heartily support-
ing their straightforward efforts which have
produced much progressive legislation.

What is wanted in British Columbia now,
however, is a provincial burial rite for the
two old-line party organizations and the of-
ficial establishment of a single Coalition Party.
This seems necessary to convince the public
that ancient practices have completely gone
by the board, that both Liberals and Con-
servatives realize at long last that no basic
issue divides them in matters solely con-
cerned with this province, and that their re-
presentatives and supporters intend hencefor-
ward and promptly to bend all their ener-
gies toward orderly development under a
common banner. This will turn out to be
the most effective answer to the "militant
and revolutionary Socialist policies" to
which Mr. Winch and his followers are im-
pudently committed.

Adheres To Her Pledges

TO THE SUGGESTION THAT INDIA IS
about to be the scene of a military dicta-
torship, Field Marshal Sir Archibald Wavell,
the newly-appointed Viceroy, has issued a fit-
ting rejoinder. At his press conference in
London yesterday, he declared emphatically
that nothing of the kind is contemplated,
that there is no intention "to withdraw or
weaken in any way the pledges and offers
already made to India by His Majesty's Gov-
ernment," and he reaffirmed the categorical
promise of Dominion status to the great sub-
continent after the war.

It will be recalled when Sir Archibald's
new appointment was announced that the
statement from Downing Street included an
intimation that details of an East Asia com-
mand would follow soon. General Sir Claude
Auchinleck is the new Viceroy's successor as
Commander-in-Chief in India; he assumed
his duties immediately, and Sir Archibald is
expected to take over from the Marquess of
Linlithgow in the early fall. In the mean-
time, however, speculation concerning the
identity of the leader of the offensive has
ranged from American generals already in
the Indian theatre—for instance, Lieut.-Gen-
eral Joseph W. Stilwell—to such famous
British generals as Sir Harold Alexander and
Sir Bernard Montgomery. For in view of the
fact that the London announcement of last
Friday said "it is proposed to relieve the
Commander-in-Chief in India of the conduct
of the war against Japan," the inference
drawn is that General Auchinleck will be con-
cerned principally with the defence of India,
with the campaign to be launched in Burma
in charge of someone yet to be appointed.

Field Marshal Wavell's foremost job, in
co-operation with the new commander of the
East Asiatic theatre, will be to guide India
through the next hazardous period, when the
country may be attacked by Japan, and when
India certainly will become a springboard
for a tremendous Allied drive against Nippon.
His appointment is not expected to please
the All-India Congress (Nationalist) Party;
but London takes the view that he is emin-
ently fitted for the viceroyalty in these tick-
lish times because he brings with him a close
knowledge of Indian military and civil af-
fairs. With General Auchinleck, who is a
veteran of the Indian army, an excellent team
seems to have been formed to face difficult
days ahead.

Not Too Soon

AN EMERGENCY CONFERENCE OF
all parties concerned on what is referred
to as the "coal labor crisis" was to begin
its sessions in Ottawa today. This gathering
was overdue. Judging from the reports from
every part of the country of increasing diffi-
culties in getting coal supplies, drastic mea-
sures are needed without delay.

The Financial Post goes so far as to say
that there may come out of the conference
either or both of these steps: 1. Nationaliza-
tion of Canadian coal mines. 2. A national
bonus or worker subsidy to raise the level of
pay throughout Canadian mines and com-
pensate miners for being "frozen" to their jobs;
sweeten the pot for those who are now being
forced to return to the mines from the army
or higher paid jobs in war and other industry.

Nationalization of the coal mines may be
too great a step, and an unnecessary step,
to be taken at this time, but there is no room
left for doubt as to the need of adjusting
wages throughout the industry. It may be
recalled that in an effort to overcome the
labor shortage in the coal areas of this island,
the government accorded preferential treat-
ment to our miners. This has brought de-
mands from coal miners in other parts of
Canada that their basic day rate be raised to
the level prevailing here. However, there is
no assurance that an increase in the miners'
wage level across the country will bring
more labor into the coal fields or increase
urgently-needed production.

The fact is that in spite of all that has,
or has not, been done, coal production is still
lagging deplorably behind the demand. It is
apparent that emergency measures are called
for and the hope is that the attempt of the
Ottawa conference to resolve the present
problems of the industry will be productive
of constructive results before there is any
further breakdown in output.

Pattern Still Expanding

AFTER THEIR BLISTERING RAID ON
Krefeld, the R.A.F. and R.C.A.F. dropped
their big bombs last night on Muelheim-on-
Ruhr, another integral part of the great
Westphalian war factory. The city is full of
heavy industries and its normal population
is nearly 140,000; this heavy and concentrated
aerial attack still further traces the pattern
of complete devastation by the "saturation"
technique worked out by Bomber Command
and the Department of Economic Warfare.

Muelheim lies equidistant between bat-
tered Duisburg and Essen, 16 miles slightly
northwest of Duesseldorf, and ten miles
northeast of smouldering Krefeld—all four
communities near enough to one another to
permit their respective peoples to share their
misery intimately. Thus, one by one, all
towns with over 100,000 population are ceas-
ing to exist as production centres for Hitler's
Reich. Remscheid, Solingen, Hagen and
Rheinfelden, each with a six-figure population
and each an important industrial cog—must
be wondering if their turn is due. They come
into the geographical and economic pattern
with which the men of the R.A.F. and
R.C.A.F. are thoroughly familiar.

Yesterday was notable, incidentally, for
the Flying Fortress raid on the Buna rubber
plant near Recklinghausen, 44 miles north-
east of Duesseldorf and about 22 miles west
of the great and badly-battered marshalling
yards of Hamm. The daylight attack on this
area naturally was determined by the fact
that an extensive camouflage scheme had
been carried out to fool the Allied airmen.
But the bombs evidently went through the
"gardens" planted with such care on the
roofs of the buildings—some good under-
ground "staff work" no doubt was respon-
sible for the effectiveness of this visit.

Newsprint Shortage

CONTINUATION OF THE PRESENT
rate of newspaper consumption by Ameri-
can publishers may create a serious shortage
later in the year, according to a recent warn-
ing given to its members by the American
Newspaper Publishers Association. The
statement pointed out that, in the first four
months of 1943, newspaper consumption de-
clined only 5.1 per cent from the 1941 base
period as compared with the 10 per cent sav-
ing planned by the War Production Board in
the United States and the Pulp and Paper
Administration in Canada.

Failure to effect the 10 per cent economy
is attributed to several causes. Some of the
newspapers have failed to comply strictly
with the W.P.B. order. Others are drawing
on surplus stock, hoping for an improvement
later on rather than cutting down on cur-
rent use. The W.P.B. itself is reported to
have been over-lenient in issuing permits to
newspapers to use more paper than the re-
strictions entitle them to. In view of the fact
that Canadian production is carefully geared
to the needs under the reduced requirements,
failure to achieve the saving is throwing pro-
duction and consumption out of kilter and
may cause sharp dislocations later on.

The total North American stock of news-
print—both at the mills and in publishers'
hands—at the end of April was 700,339 tons,
as compared with 893,375 tons the year be-
fore. This is the lowest figure reported since
June, 1941. Consumption in April and the
first four months of 1943 by newspapers re-
porting to the A.N.P.A. actually exceeded
that of the previous year by more than 2 per
cent. Stocks on hand in newspaper plants
dropped to 52 days' supply at the end of
April as against 63 days' supply at the end
of January, 1943. "Continued use of news-
print out of stocks," the A.N.P.A. statement
concludes, "will impair ability to meet the
unknown developments of the future, cer-
tainly until this war is over."

Thrift: Doing without something you
want, so you can afford it when you no
longer care for it.

Bruce Hutchison

TWO-CAR IDEAL

ROBERT M. HUTCHINS, President of
Chicago University, is one of those
youthful prodigies who terrify an adult man.
Therefore, I do not expect that his views
will have much effect on the public of the
United States. This is unfortunate for in
the current issue of Fortune Mr. Hutchins
has some important things to say.

In brief, Mr. Hutchins doesn't think much
of American society as it exists just now
and he thinks worse of most of the plans
for improving it. The present condition is
familiar enough to all, but what of the
plans to improve it?

They are all based on what Mr. Hutchins
considers a fallacy. They are based on the
assumption that comfort for the citizen is
the main and only true aim of a civiliza-
tion. They are based on the proposition
that if we can provide comfort for every-
one we shall have achieved a perfect society,
free of care.

There is nothing on the record of civil-
ization to suggest that this is true. America,
to cite one example, achieved a high degree
of comfort in the 1920's and has been in a
state of prolonged misery ever since. It
may be argued that it has been in misery
because its standard of comfort dropped. This
is palpably wrong. For no degree
of comfort in the United States would have
prevented the war or stopped the Japs at-
tacking Pearl Harbor. On the contrary, the
very fact of America's superior comfort
was a reason for the attack. The hungry
will always attack the rich and soft. A
rich and comfortable America will always
appear as a glittering prize to all the hun-
gry peoples of the earth.

The trouble, as Mr. Hutchins points out,
is that comfort, if it is the main objective
of a society will invariably cause division,
class war and finally international war be-
cause people will quarrel over the dis-
tribution of comfort. There is no end to
their demands. Give a society two cars in
every garage and it will fight to get three.
Give it three chickens in every pot and the
owners of the three will constantly quarrel
with those who have four.

There will never be enough cars, chickens
or comfort, no matter how much we have.
If those are the vital objectives of society
men will never be at peace. Any world
order built on such a conception will be
torn to pieces as each nation struggles to
get a larger share of the gravy.

DEFENSIVE NATIONS

MOREOVER, SAYS Dr. Hutchins: "A na-
tion that has comfort and no higher
ideal can fight only a defensive war. It
is fighting to retain its comfort. Even if
it attacks, it does so only because it is
afraid that it will be attacked and its stand-
ard of living menaced. Such a nation, too,
can make only a defensive peace. It can
make a peace allocating to various nations
certain possessions and resources in the way
most likely to leave it undisturbed. Perhaps
this is all we can look for from the present
war. Perhaps we can call such a peace a
peace."

Of course it will be only an armistice,
as the nations pause before their next at-
tempt to redivide the world's comfort. But
there is no use saying these things to
people who have had little comfort in their
lives and even in the United States there
are millions of them—a third of the nation,
as Mr. Roosevelt says, being ill-housed, ill-
clothed and ill-fed. To preach higher as-
pirations to a hungry man is a waste of time.

Clearly there must be more comfort for
the people at the bottom and there will be
after the war. There can be no question
about this. The question is whether the
people who are well clothed, well housed
and well fed—and they are still the ma-
jority of North Americans—have the sense
to know that more clothes, more houses and
more food will not solve their problem.

There is little these days to convince
them. They are told on every side that a
brave new world awaits them after the war
and what kind of a world is it? It is a
world of new gadgets, new houses, new
kitchen sinks. It is simply the Bull Market
of 1929 on a larger scale. Instead of
Hoover's two-car nation it is to be a three-
car nation. Instead of two chickens in every
pot it is to have three, four or five.

MUST FIGHT FOR IT

WHEN THIS HAS been achieved with
some difficulty it will have to be fought
for. The rich nations will have to fight
off the poor ones all over again. That kind
of prosperity will not last long. Comfort
will turn out to be a snare and a delusion.

We have reached a point of technical
development where it will be possible to
eliminate real poverty in North America if
we use our heads, but that can only be a
temporary objective, a first stage. When
that has been done we must have a larger
idea, the idea of a world civilization. There
must be growing comfort for all peoples
if we are to hang on to ours.

That may mean temporarily less comfort
for us than we could have otherwise. We
may have to give some of our goods away.
Are we sensible enough to do this in the
interests of a larger thing, a more perma-
nent thing?

Or are we so overwhelmed by the lust
for gadgets, the appetite for ease, that we
shall plunge once more into a competition
for them which will wreck us all over again?
Mr. Hutchins does not know. But the ideal
of comfort as the true objective of civiliza-
tion, the only thing that matters, is so deeply
established now that it may need several
more wars to remove it.

It's always fair weather when good fel-
lows get together—but the storm breaks
when they get home.

"I'll Stand Up, But I Won't Sing!"

Churchill-Eden Stabilizing British Politics

RAYMOND CLAPPER,

Cable from London

No matter how anyone in
America may feel about the Brit-
ish, the fact is that we are bound
to be mixed up in affairs with
them for a long time. Hence it
is a source of confidence and
satisfaction that British politics
are well stabilized around two
such strong, friendly and experi-
enced men as Mr. Churchill and
Mr. Eden.

There is every indication now
that Mr. Churchill, contrary to
earlier ideas about him, will not
retire at the end of the war but
will remain on if health permits
—and up to now his health seems
to permit anything.

Equally important is Mr. Eden,
who is more than foreign secre-
tary. It appears that Mr. Eden
is being prepared in every way
by the Prime Minister to take
over when that becomes nec-
essary. Mr. Churchill has Mr. Eden
in on all secret war council ses-
sions and military discussions
with staff chiefs.

STUDIED IN WASHINGTON

As further preparation for the
larger role the future is supposed
to hold for Mr. Eden, he went to
Washington last spring. The
Prime Minister gave him several
chances to attend to, but the pri-
mary purpose was for him to be-
come acquainted with American
political figures both in and out
of the government, and to size up
the attitude which America and
various leaders might take to-
ward postwar questions.

His mission was highly suc-
cessful, in that a large number
of important Americans had an
opportunity to talk frankly with
him and to give him an insight
into attitudes that must be taken
into account.

Mr. Eden is an aristocratic,
younger Conservative of fairly
liberal views on internal ques-
tions, so he has not incurred the
bitterness which Laborites have
against many Tories. That situa-
tion tends to reassure the Labor
party in continuing the wartime
political truce—which it is ex-
pected to do at a conference next
week.

EDEN'S WORK SEEN

Washington has not seen ex-

actly eye to eye with Whitehall
in some aspects of Russian
policy and on De Gaulle. The
possibility of those differences
growing into serious divisions
toward the end of the war has
been greatly reduced as to Rus-
sia by Moscow's action disband-
ing the Communist international,
and as to the French question by
the De Gaulle-Giraud coalition
in Algiers.

The delicate hand of Foreign
Minister Eden is seen behind
some of this, because the corner-
stone of his policy is to prepare
the way for the great powers to
work together after the war. It
must be clear to both Washing-
ton and London that the first
effort of the defeated nations
will be, as last time, to split up
the victory and play one against
the other.

TEAMWORK INCREASED

Mr. Churchill contributed to
ward teamwork of the two coun-
tries by his timely emphasis on
the Pacific in his congressional
address. These efforts by the
two top British leaders to accom-
modate British policies to the
American attitude lay the basis
on which tangled issues like post-
war commercial air traffic, and
Empire tariff preferences, can
be approached with less danger
to the fundamental strength of
the four power team.

In spite of all we hear in
America about Labor party agi-
tation for a more socialistic Eng-
land, the party is considered
rather static here, lacking in fire,
dominated by the Churchill
national government, and un-
ready to resume leadership
aggressively.

It seems to be widely expected
that any postwar heaven will
come from new groups yet to

appear, with the Churchill-Eden
Tories taking a liberal line on
social legislation and steering the
country through the early post-
war period.

World Must Seek Objective Truth

"In the failure of this United States to co-operate with Britain for the preservation of peace, we reaped the sad results of the distortion of history as put forth in the textbooks studied by the young," Dr. H. T. Coleman, formerly professor of philosophy and Dean of Arts at the University of British Columbia, told the Kiwanis Club when he was guest speaker at the regular noon meeting Tuesday.

Speaking on the subject "The Day After Tomorrow," Dr. Coleman dealt with changes which must be made to build the brave new world of the future, changes particularly in education.

"We must get back to seeking objective truth," he said, "saying that it was the complete violation of this standard which was exemplified by the education of the Nazis and Fascists."

He said that we must get back to it not only in Canada, the United States and Britain, but the democratic nations must concern themselves with seeing that there is a complete revamping of the textbooks studied by the youth of such nations as Germany, Italy and Japan.

He said that the new world would be marked by reconstruction, particularly spiritual reconstruction, and that this could only be brought about through education.

He said it would be impossible to deny forever to three great nations a place in the world community, but they must be re-educated, beginning with the youth of the next generation, to save whatever of good is left, and to fit them again for a place among the community of nations.

Dr. Coleman said we may think that Canada and the United States have always set objective good as the ideal of their education, but that this was not always so.

"While teaching for several years in the United States I noticed that many incidents between the British and Americans were played up, possibly to foster a spurious patriotism in a young nation. But this built up an aversion, or hatred which was partly responsible for the failure of the two nations to co-operate in the days of peace," he said.

'Y' Vacation Club To Be Held July 16-23

For boys unable to attend the Y.M.C.A. camp at Glinz Lake, there will be a camp-in-the-city from July 16 to 23, it was announced from the "Y" today.

The Vacation Club will have a daily program from 9 to 5, with two hours at home for lunch. The city campers will meet at the "Y" building each morning for chapel, hobbies, games and swimming and in the afternoons there will be hikes, softball and games, with another swim in the pool.

Those who cannot swim will be given the opportunity to learn during the camping period and boys between the ages of seven and 17 have been invited to attend. There will be no fee for "Y" members, it was stated.

The American mountain goat belongs to a group of animals known as goat-antelopes, which includes the European chamois.

Play Program Opens In Parks Next Week

The Victoria Schools Band, the Y.M.C.A. track team and dancers of the Junior Pro Rec group will assist in the special programs arranged for the opening of the council of social agencies' supervised playground schedule Monday and Tuesday evenings at Central and Beacon Hill parks.

Details of the events were listed by supervisor Frances Borde today as the organization completed arrangements for two months' direction of activity for youngsters in the two parks.

The function Monday at Central Park will start with selections by the band under the direction of Al Prescott. Midway tumbler of the Pro Rec class will follow with a display and Jerry Long will give a tap dance demonstration.

The "Y" fliers will take over for a short demonstration of warming up, track calisthenics and short races before H. W. Warren, city parks superintendent and chairman of the program committee, outlines activities listed for the season.

The Junior Pro Rec group will contribute a peasant waltz clog, the Schools Band will play again and the event will close with a tumbling display by older Pro Rec youngsters.

This year the playground program is being opened with ceremony to interest parents and older children in the schedule drawn up by the council for the constructive entertainment of the youngsters.

Two professional supervisors have been engaged to handle the two parks and volunteer assistants will contribute time and energy to the program.

Successful last year, when it was revived at Central and Victoria West parks, the plan has been expanded for the coming vacation period to provide greater interest activity for more children.

W.B.A. Pioneer Club will meet at the home of Mrs. M. R. Todd, 1819 Stanley Avenue, Friday. The sewing meeting will be held Monday at the home of Mrs. W. H. P. Trowsdale, 929 Agnes Street. Assisting hostesses will be Mrs. T. Mattison, Mrs. M. Smith and Mrs. P. Stephen.

Answers Question Why Russia and Japan Do Not Attack Each Other

Prof. Iva Spector declares: "Have faith in Russia. She has demonstrated in blood and toll her faith in us." Mrs. Nancy Hodges, M.L.A., chairman, sits behind him.

"Russia is willing to co-operate in the Far East," Prof. Iva Spector told a large audience in the Chamber of Commerce Tuesday night. "Siberia has now become the heart of Russia rather than one of her outlying colonies, and it is in her interest to see that she does not have a powerful and greedy nation such as Japan for a neighbor."

Prof. Spector, who is professor of Russian languages, literature and history at the University of Washington in Seattle, spoke at a meeting called by the Canadian Aid to Russia Committee and the Russian Canadian Federation to mark the second anniversary of Russia's resistance to the Nazis.

Prof. Spector, who served for three years in the Russian Imperial army and lived for three years under the Soviet, made a special visit to Victoria to address the meeting, coming up by boat yesterday afternoon and staying again for Seattle this morning to resume classes.

In his address, titled, "Russia and the Far East—What Next?" Prof. Spector said: "Many people wonder why Japan does not attack Russia, or why Russia does not attack Japan."

Dealing with these separately, he said: "In the first place Japan is not anxious to engage the Russian armies, as she tried them out twice before, once in 1938 and again in 1939 and was beaten both times. Japan was the first to find out the strength of the Russian armies."

"Furthermore during the past few years Russia's strength in both population and vital industries has shifted from European Russia to the Siberia—which makes Japan think twice before attacking her there."

As for why Russia does not attack Japan Prof. Spector said: "Let it be remembered first of all that Russia has more at stake in the Far East than all the other nations combined. She has her vast empire of Siberia which has become, not a colony, but the heart and soul of her nation. She, least of all, would relish seeing Japan victorious in the Far East."

ON 2,000-MILE FRONT
"But her pacifism in the matter of attacking Japan may be understood when it is considered that

she is already fighting a war on one front that stretches over 2,000 miles. For her to attack Japan would mean opening another along the same distance in the East."

He said, however, that even though not actively fighting Japan, Russia forces that nation to keep one million men mobilized along the Manchuria-Siberian border.

"Her attitude is strengthened," he said, "by the fact that Russia still does not know how soon we will come to her help."

Urging that heed be paid to Stalin's words in his latest address, Prof. Spector also pleaded for the immediate establishment of a second front.

"We think we have done well in the Africa campaign," he said, "but in that British generals themselves have admitted that they vanquished only nine Ger-

man divisions, or a total of 16 enemy divisions in all, while Russia has faced 200 German divisions during the past two years."

"Even the Russians are beginning to feel that they have borne the brunt of the conflict so far," he said.

Pointing out the bad psychological, as well as material results of letting another summer go by should a second front not be established, Prof. Spector said: "It is giving Germany time to co-ordinate her ill-gotten gains in the conquered nations, and remove all those who might be future collaborationists, from the coast, to the hinterland where they are dispersed and made useless."

RUSSIA'S VAST STRENGTH
He said that Russia still has vast strength which she could use in a mighty blow if a second

front took off the German pressure.

"Russia has shown that she will co-operate in the west. She will co-operate in the East also, if we only make good our promises by some more tangible evidence of support," he said.

"At the present time she feels that we are doing all the talking about the postwar world, while she is doing all the fighting. She has to be certain before brandishing a fist at Japan, as so far she has been disappointed so often."

The professor stated that the proof of Russia's reliability of being on our side in matters in the Far East lay in the fact that she had been approached by Japan to remove her armies from the Siberian border, so that Japan could do the same thing.

"But Russia withstood this temptation, because she knew

that if she let Japan be triumphant in the Far East she would have to fight her alone before another 25 years was over," he said.

Prof. Spector said that at the moment the Russians are in a very receptive mood to collaborate with us in matters regarding the Far East, but he urged that we do not destroy their faith by further delay, or force them to fight alone so that they would get the feeling that they, and only they, should have such a say, when the war is over.

The meeting was one of a series held throughout Canada as tributes to Russia. Mrs. Nancy Hodges, M.L.A., vice-chairman of the Victoria branch of the Canadian Aid to Russia Committee, was chairman.

Alex Derman of the Federation of Russian Canadians spoke briefly in English and Russian.

Personals

Mrs. Percy Stevenson and Mrs. M. Wingfield of "Journey's End," Hatley Park, have left for Vancouver to meet their sister, Mrs. Dola Cavendish, on her return to the coast after visiting in the east for the last few months.

Church of Our Lord was the scene of a double christening Sunday at 2:30, when Rev. E. V. Bird christened the baby daughter of Mr. and Mrs. J. O'Neill, Sharon-

Anne Danae. Her godparents were Miss Dorice Trevitt, and Mr. and Mrs. F. Crewe stood proxy for Mr. and Mrs. Clyde Banfield, Toronto. The other baby was the daughter of Mr. and Mrs. R. Macgregor, and received the names Gail Ivia, her godparents being Miss Dorothy Craig and Miss Kathleen Appleyard. A small reception for relatives followed at the home of Mr. and Mrs. A. E. Appleyard, maternal grandparents of Gail Macgregor. The christening cake, the top layer of her parents' wedding cake, cen-

tered the table. Her paternal grandparents, Mr. and Mrs. R. Macgregor Sr. of Winnipeg, Man., were also present.

Mrs. D. Fairhurst left this afternoon for Tacoma to represent the Victoria Chapter, Women of the Moose, at the Northwest Moose convention.

Mrs. Sadie Hall, editor of the Trail Advertiser, left Tuesday for Seattle and Portland, en route for her home, after visiting her brother at Glen Lake for the last few days.

Plan Red Cross Party At Naval College

Royal Canadian Naval College, the former Hatley Park, will be the scene of a garden party on July 1, from 2:30 to 5:30, by permission of Capt. J. M. Grant, in aid of the Belmont unit of the Canadian Red Cross.

The beautiful grounds will be at the height of their summer beauty, and a display will be given by the Naval Cadets under direction of Lt.-Cmdr. G. B. Ketchem.

Entrance to the grounds will be through the main Sooke Road gates, and the affair will be under the convenship of Mrs. D. B. F. Bullen.

W.A. to the C.C.F. met Tuesday afternoon at Woodsworth Hall, Pandora Avenue. Mrs. K. A. Bell of the Women's Regional Advisory Committee addressed the members on the importance of keeping in touch with the price trends. Mrs. R. Balfour, Red Cross convener, announced that five completed articles were turned in. Mrs. K. A. Bell will be hostess to the members, also the members of Saanich Women's C.C.F. Council, at a picnic luncheon, July 6, followed by tea. Mrs. J. Dirom and Mrs. H. J. Beale will audit the accounts for presentation at the picnic meeting. The auxiliary will meet the first Tuesday in September, when plans for the formation of a women's council will be discussed. On behalf of the War Finance Committee, Mrs. Alan Campbell and Mrs. A. C. Ross addressed the members on the necessity of purchasing War Savings Stamps and Bonds.

BRENTWOOD P.T.A.

Brentwood P.T.A. held its annual meeting recently in the West Saanich School. The new officers elected were: President, Mrs. C. Cruickshank; vice-president, Mrs. A. Shiner; executive, Mrs. Maher and Mrs. A. Lunt. Plans were completed for the school picnic to be held at the Anchorage, June 24.

W.A. Britannia Branch No. 7, Canadian Legion, B.E.S.L., card social in the boardroom, Thursday, at 8, Cribbage and court whist will be played and refreshments served.

Primrose Lodge, Daughters of England will meet Friday evening at 7:30. Social will be held after the meeting instead of the proposed garden party, members to bring donations for bingo. Refreshments will be served. Mrs. A. Edmonds convener.

Mrs. H. J. Binnie will address the women's meeting for Bible study at Ross Bay Sunday school room (corner of May and Joseph Streets) Thursday at 2:30.

Victoria Cwacs Off To Vermilion

Among the Victoria members of the Canadian Women's Army Corps who left Vancouver Tuesday for the Basic Training Centre at Vermilion, Alberta, are Cpl. Kitty Lake, daughter of Sir Richard and Lady Lake, Newport Avenue, and niece of the late Lieut.-General Sir Percy Lake, K.C.B., K.C.M.G., of Victoria, and Cpl. Ruth Rayment, daughter of Mr. and Mrs. A. P. Rayment, Feil Street.

Cpl. Lake enlisted in the C.W.A.C. in September, 1941, and worked as a cook at Esquimalt Military Hospital and later as receptionist at Victoria Military Hospital before going to Vancouver where she has been employed as a clerk in the catering and messing department of the Command Supply and Transport Office. She has three brothers in the services, Major Harry Lake and Major John Lake, in England; AC 2. Lancelot Lake, R.C. A.F., in Edmonton, and another, Mr. Richard Lake, is service inspector in the Pacific Air Lines at Sea Island. Cpl. Lake is a former pupil of Strathcona Lodge School, Shawnigan Lake.

Cpl. Rayment enlisted in February, 1942, in Victoria, and has been employed as secretary to Col. W. G. Swan, D.S.O., Command engineer officer, in Vancouver.

Weddings

EMERICH-THOMPSON

The marriage took place Saturday evening in First United Church of Marjorie Helen, daughter of Mrs. Florence M. Thompson, 959 Balmoral Road, and Gnr. Anthony Charles Emerich, son of Mr. and Mrs. A. Emerich, Berio, Manitoba. Rev. Hugh McLeod officiated.

The bride was given away by her brother-in-law, Mr. Robert W. Craigdallie, and wore a floor-length gown of white chiffon, with a long veil caught to a halo of orange blossoms. She carried a shower bouquet of Sweetheart roses and white carnations. Bridal attendants were Mrs. H. Connor and Mrs. Craigdallie, sister of the bride, both wearing teal blue frocks, with pink accessories, and corsage bouquets of pink carnations. Gnr. Lawrence Brooks supported the groom.

A reception was held at the home of Mrs. H. Connor, who assisted Mrs. Thompson in receiving about 25 guests. A lace cloth covered the supper table, which was centred with a three-tier wedding cake, flanked by white tapers and a miniature bride and groom. Out-of-town guests at the wedding included Mrs. E. Adams, Youbou; and Pte. Edith Fraser, C.W.A.C., Nanaimo.

Alexandra Rose Day Here Saturday

Once again the roses made by the little inmates of Children's Crippleage at Halesbury, Sussex, have been safely brought through submarine-infested waters to be sold on the streets of Victoria to help underprivileged children in this farthest outpost of the Empire.

Municipal Chapter, I.O.D.E., is in charge of the sale of roses. Mrs. W. Ellis being convener, assisted by the Municipal officers and conveners appointed by the primary chapters.

Despite the many demands which the war has brought to all citizens, the I.O.D.E. continues the vital work of helping underprivileged, undernourished and crippled children. The war has brought Canada face to face with the importance of having healthy and vigorous citizens in the future. Children of today will carry the torch of freedom which the United Nations armies are following at this moment. Many years ago Rose Day was

organized by Queen Alexandra and on her death it was continued in her memory by her daughter, Princess Victoria Louise, for the sick and suffering, in whom Queen Alexandra always took such a deep and sympathetic interest.

Money raised from the Alexandra Rose Day is divided into child and family welfare work, providing milk and hospitalization for undernourished children, providing lavatories for needy mothers, or for use in helping any needy family, especially that of a veteran or serviceman, aiding Queen Alexandra Solarium—in addition to the endowed cot which the I.O.D.E. already maintains—and 2½ per cent of the gross proceeds goes to the Children's Crippleage in England, so that purchases of tomorrow's tag will be helping the children of Britain as well as of Victoria.

SCURRAHS FOR DRESSES

We're Embarrassed!

For over thirty years we've been urging people to take advantage of New Method Laundry and Dry Cleaning, but today we find ourselves in the embarrassing position of not always being able to carry out all our promises of doing the finest work and giving perfect delivery service. But we DO appreciate your business just as much as ever, and we DO wish we could give you the kind of service which used to be our pride and joy. The increased work for the armed forces and the extra civilian population is simply overwhelming, and with the impossibility of getting extra help or extra equipment, we can only do our best under very difficult circumstances. May we hope that you will continue to be patient with us if we fail to measure up to our normal high standards.

First Aid at Ganges

GANGES—An informative address was given at Ganges First Aid Post recently by Capt. V. C. Best. He gave advice to wardens and messenger boys, dealing chiefly with the training of the

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Karin To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way.

Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—25¢.

latter which, he stated, was most important, often the entire success in fire fighting being dependent on messenger service. Methods of fire fighting were outlined. Folly of entering burning buildings, without considering carefully the danger of gas and back draughts and necessity of avoiding panic was pointed out.

Walter Hogg Dies

NANAIMO (CP)—Walter Hogg, 25, son of Mr. and Mrs. Thos. Hogg, Nanaimo, died in the Duncan Hospital. Working as a faller for Piggott & McIntyre, contractors for the Hillcrest Logging Co., he was hit on the head by a falling snag.

Born in Northumberland, Eng., he came to Vancouver Island at an early age. Besides his parents and two brothers, his bride of a year, the former Violet Mumberson, survives him.

Northern native grasses cut in early July have twice the protein content they would have late in the month.

Make Your Own

It's fun to sew your own!... and easy to cut these lovely summer fabrics from one of our easy-to-follow patterns! And best of all, it's economical, because you can make two frocks for what you would usually pay for one!

Imported New York

PRINTS

36 Inches Wide for Your
Convenient Cutting... Per Yard **79¢**

How proud you'll be when you put the finishing touches to a smart street frock or pinafore of one of these youthfully gay printed suitings! There large and small florals, candy stripes, scroll patterns that will stay bright after many tubbings, and keep you fresh and cool for every summer occasion!

FLOCK-DOT VOILES, DIMITIES AND MUSLINS
FOR PRETTY FROCKS

For yourself and your family—these amazingly lovely array of patterns and colors, including ever-so-dainty florals, dots and stripes in yellows, blues, mauves, greens, rose, peach, brown, white and red. Easy to work with, and fast to washing. 36 inches wide, per yard **59¢**

IMPORTED PRINTED COTTON SUITINGS IN
BRIGHTER COLORS

that are so fresh looking for better home frocks, beach togs, dainty skirts, pinafores and kiddies' holiday wear. Make the most of your summer wardrobe and your clothes budget, by choosing several lengths for yourself and your family. 36 inches wide, per yard **69¢**

IMPORTED WOVEN GINGHAMS IN CHECKS AND PLAIDS.

At last! A shipment of unusually fine quality gingham and plaids... arriving just in time for your summer sewing! And you can have the exact style and color you prefer (besides perfect fit) if you make it yourself! Blues and greens, reds and yellows, browns, and black with white. 36 inches wide, per yard **1.19**

HEAVY COTTON FIBRO-FABRIC FROM ENGLAND

Something entirely new in summer printed fabrics... woven in England from fibre and cotton, making a very good-wearing and easily-laundered fabric. And the colors are the distinctive blends of English manufacturers, with violets, blues, yellows, greens and greys predominating. 36 inches wide, per yard **1.39**

—Dress Fabrics, Street Floor, at THE BAY.

A World of Help

...is contained in each Vogue or Butterick pattern you choose... Enclosed is a cutting guide, fitting instructions, and detailed step-by-step directions in assembling and finishing your garment.

—Patterns, Street Floor, at THE BAY.

BEUTANOL

A New Superior Substitute for Rubber Sheeting

In Two Useful, Household Qualities,
White Only, 36 Inches Wide, per Yard, **1.49** and **1.95**

You'll never miss rubber-sheeting, utility gloves, waterproof crib sheets, and other waterproof articles, when you see the clever way our manufacturers have used plastic fibres! They have originated this fine, soft "Beutanol" fabric, to replace rubber-sheeting. It is stain resistant, soft finish that cannot crack or peel, easily cleaned with damp cloth, boilable, resist ammonia, featherproof, odorless, and really waterproof! Easy to sew, and perfect for non-allergic pillows.

—Staples, Street Floor, at THE BAY.

Unbleached Canton Flannel

Soft, fleecy finished cotton flannel, for many uses. It's absorbent qualities make it ideal for babies' layettes, and it is firmly woven to withstand excessive laundering. Per yard **19¢ and 25¢**

—Staples, Street Floor, at THE BAY.

Sports Mirror

By PETE SALLAWAY

WITH the object of assuring themselves of protection from another fiasco such as resulted Monday night, officials of the senior ball league should get some definite understanding with the city parks board on the question of calling off games owing to ground conditions. Under the present set-up the caretaker and groundsman of the Athletic Park has the authority to cancel a game if, in his opinion, the ground is unfit for play.

In our long association with baseball we have never heard of such a situation in any other ball park. Entire authority for ruling on the condition of the playing field should rest with the umpires. Looking over the rule book we find it states definitely the final decision regarding the playing condition of a diamond remains solely under the jurisdiction of the men in blue.

If, for no other reason than to protect the fans, the local league should make it a point to have the authority regarding the playing field vested in the umpires. Monday night's mix-up was deplorable. With conditions ideal for a game the customers arrived at the park only to find the game canceled. Loud protests were heard and many left the scene. After much telephoning and arguing between the league and park officials the game was allowed to go on. But many fans had already gone home and the baseballers suffered a financial loss through no fault of their own.

We can understand the park officials showing a desire to protect the playing surface. But games played under such conditions as Monday night can certainly never do the field any great harm, providing it is in fit shape to start with. Think of the

Whirlaway Runs Third But Shows Plenty of Form

CHICAGO (AP)—Whirlaway returned to the races after a lay-off of 191 days, in Arlington Park's program at Washington Park, Tuesday, and finished third to his stablemate, Markell, in a one-mile tune-up for the \$10,000 added Equipoise Mile Saturday. Whirlaway is one of the 223 eligibles for the Equipoise.

The money-winning champion, who went into Tuesday's \$2,500 event with a bankroll of \$560,911

damage done in the spring when the footballers alighted around in mud and water. They left holes that took hours and hours of work to remove and we doubt if they're all gone yet.

With the British Columbia horse racing season slated to get started at Hastings Park June 30, the following comment by Johnny Park, well-known turf writer of the Vancouver Province, is interesting:

"This year horse racing in Vancouver is due for its keenest competitive session in 15 years. New jockeys and thoroughbreds, lots of them, indicate that a banner season is coming up. At least 200 nags and 20 riders who have never before appeared in these parts are due to participate with the remnants of the old guard. The 'foreigners' are a trifle better grade as runners and reinsmen than we have been accustomed to seeing in action in recent years and with each of the six meetings scheduled at Hastings, the crowds will probably be bigger than ever, despite transportation problems.

"One has only to glance at the patronage being accorded the ponies throughout the continent to realize the probability of a record-breaking year here. In addition we will have 500 head of runners available, compared to 350 in 1942 and previous years. This means bigger fields—eight is the limit at Little Saratoga—keener struggles for the purse money and larger payoffs in the contests.

"The closing of Longacres will also help Vancouver racing. Riders and horses which would have been showing at Renison during the summer months are clamoring for accommodations at the East End oval. The association is unable to handle them all."

to his credit, picked up a paltry \$250 as third money, but the effort was worth it. It convinced Ben Jones, his trainer, and owner Wright of Chicago, that "Mr. Longtail" is ready for serious and wealthy competition. It was his first start as a five-year-old, and his first start since winning a stake at New Orleans last Dec. 12.

Whirlaway, packing top weight of 122 pounds, and with Jockey Wendall Eads on his back, finished three-quarters of a length back of Kings Abbey, who was 2½ lengths ahead of Markell. The entry paid \$3 to win and \$2.20 to place and show; the place price on Kings Abbey was \$4.80 and \$3.20 to show.

Markell, ridden by F. A. Smith, a Cuban, ran the mile in 1:37.3-5.

Dahlgren, Stephens Continue to Pace Hitters in Majors

NEW YORK (AP)—Ellsworth (Babe) Dahlgren of the Phillies is almost as stationary as a cigar store Indian at the top of the National League hitters. But there is plenty of movement among his rivals.

In the last week Dahlgren's average varied only from .359 to .358, as of the close of action Monday, but Billy Herman of Brooklyn Dodgers bounded into second place and the two chief threats among St. Louis Cardinals, Harry (Little Dixie) Walker and Stan Musial, both slipped badly.

Herman took over second with a .340 batting mark and Lonnie Frey of Cincinnati, the pace-maker early in the season, advanced to third with .332 as Walker skidded from .356 to .321, where he was tied with Musial for sixth place. Musial was second for two weeks before turning over the spot to Walker a week ago.

Back of Dahlgren, Herman and Frey were Frank McCormick, Cincinnati, .329; Frank Gustine, Pittsburgh, .323; Musial, .321; Walker, .321; Stan Hack, Chicago, .318; George Kurovski, St. Louis, .305; Arky Vaughan, Brooklyn, and Phil Cavaretta, Chicago, each .300.

Vaughan has scored the most runs, 44, and stolen the most bases, seven.

AMERICAN AVERAGES

CHICAGO (AP)—Although his average dropped 11 points during the last week, Vern Stephens, St. Louis Browns' shortstop, still hung on to the American League batting lead, which he hopes to keep from the reach of Cleveland's Ori Hockett before being inducted into the armed forces.

Hockett went into a temporary slump but maintained his .340 mark. Stephens slipped from .369 to .358.

Detroit's rookie, Dick Wakefield, collected nine blows in 24 appearances to hike from .309 to .317 and third place. Roy Cullenbine of Cleveland, third last week with .312, dropped into a tie for 10th place with the Indians' manager, Lou Boudreau, each with .283.

Pinky Higgins of Detroit was fourth with .314. Wakefield led the league in hits with 69. Charley Keller of New York led the home run hitters with 10.

Milo Candlin of Washington topped the pitchers with six victories and no losses.

Dairying is reported to be America's largest industry; 26,000,000 dairy cows supply the materials.

Pep Talk for Gyro Carnival

President Louis Glazan, second from left, was giving forth with a "booster" chat on the forthcoming Gyro hole-in-one contest and carnival when the above picture was taken at the weekly luncheon Monday. Interested listeners are, from left to right: Hubert Lethaby, Fred Hawes, vice-president, and Ron Grant. With the entire proceeds to be turned over to the Solarium for crippled children Gyro members are out to raise the largest sum since the competition was inaugurated several years ago. Carnival portion of the program will be a big feature and with the July 1 holiday included in the dates the Gyros are anticipating a record attendance.

Boston Sox Start to Roll

American Threat

Boston Red Sox are beginning to sock once more and at any time now they are likely to muscle in on the honeymoon New York Yankees and Washington Senators have been enjoying at the top of the American League.

It took Boston a long time to get rolling. At the end of the first month of the season they were in the cellar and had been held to seven or less hits in 17 of their 28 games. In that rocky stretch they had only one home run and a great deal of fine pitching was wasted.

But in the last three games Boston has blasted out seven homers against the best pitching Philadelphia Athletics could muster and Tuesday night moved into a tie for third place with Cleveland Indians, five games out of first place.

The Red Sox opened the campaign with a desperate outfield problem, but they seem to have solved this by a succession of deals both in the minors and majors, and have well earned the improvement they have made in the standings in the second month of the season.

In addition, Cecil (Tex) Hughson, the lean pitching star of the Sox, has proved himself unquestionably the outstanding hurler in the league. Tuesday night he beat the Athletics, 7 to 1, with five-hit pitching for his seventh victory and fourth straight.

Washington narrowed the gap between first and second place to two games by nosing out the Yankees, 3 to 2, with Mickey Vernon hitting a home run and a triple to star for the Senators. Chicago White Sox whipped St. Louis Browns, 5 to 3, in a night game to advance into a virtual tie with the Athletics.

In the National League, Brooklyn Dodgers captured their third straight from the New York Giants, 7 to 4, and cut the lead of the idle St. Louis Cardinals to two games.

Big Paul Derringer shut out Pittsburgh Pirates, 1 to 0 for the Cubs, in a morning game at Chicago.

Boston beat the Phillies, 7 to 6, with a five-run second inning and a two-run homer by catcher Phil Masi in the fifth.

Teeworth Captures Winnipeg Feature

WINNIPEG (CP)—Teeworth, owned by N. Northwood of Staveland, Alta., won the president's \$700 handicap at Polo Park Tuesday, beating out Brig D'or and Mesmerist who finished second and third in the six-horse race.

Only favorite to romp home was Flying Heir in the seventh race, paying \$6.50 for a \$2 straight bet compared with more than \$10 for similar bets in the other events.

Flying Heir and Tellus, second finisher in the seventh combined for a quinnella pay-off worth \$36.70. The daily double which Monday was \$1,820.35 dropped down to \$126.75 Tuesday when Orangeworth won the first event and Noble King took the second race.

Results follow:
First race—Purse \$400, claiming for three-year-olds and up, foaled in Canada. Six and a half furlongs: Orangeworth (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Flying Heir (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Second race—Purse \$400, claiming for three-year-olds and up, six and a half furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Third race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Fourth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Fifth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Sixth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Seventh race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Eighth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Ninth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Tenth race—Purse \$400, claiming for three-year-olds and up, five furlongs: Flying Heir (Haller) — 4.55 2.55; Tellus (Haller) — 4.55 2.55; Noble King (Haller) — 4.55 2.55; Brig D'or (Haller) — 4.55 2.55; Mesmerist (Haller) — 4.55 2.55.

Three-Team Tie In Softball Race

V.M.D., Flyers Score Smart Victories

Victoria Machinery Depot, Navy and R.C.A.F. were all tied up at the head of the men's senior division softball race today, following Tuesday night's doubleheader which saw the shipbuilders turn back the Army 5 to 1 and the Flyers blank the Navy 4 to 0. Each club has won five games and lost four. Army occupy the cellar berth with a record of three wins and six setbacks.

With Harry Braverman, their number one hurler, giving a lone hit, striking out nine and issuing one base on balls, the Flyers set back their keenest rivals, the Navy. Braverman was at his best, using a smart change of pace to subdue the Navy hitters. Not a Navy runner reached third base. Braverman also contributed a double to score one run.

Flyers collected six hits off Syd Stebbings, number one flinger on the Navy roster. He struck out six and walked none.

One of the highlights of the game was a beautiful running catch by Nerts Parent, R.C.A.F. shortstop, to cut short a threatened Navy rally in the sixth.

TOO MUCH POWER

With their infield bolstered by the addition of Ian Lowe, Babe Work and Al Euerby, well-known baseball players, the V.M.D. packed too much punch at the plate for the Army in the opening game. In addition, Freddy Billsborough hurled two-hit ball for the shipyard representatives. He struck out two, Hertzman, a newcomer, hurled the seven innings for the Army, being nicked for five hits, while he struck out five.

After Army had moved into the lead with one run in the second when they punched out their only two hits, the V.M.D. came back with four in the third, gained through a pair of hits, two errors and a wild pitch. V.M.D. added their seventh marker in the final inning.

Short scores follow:
V.M.D. 5, R. H. E. 5 5 2
Army 4, R. H. E. 4 6 1
Flyers 4, R. H. E. 4 6 1
Batteries: Billsborough and Lim; Hertzman and Miliken
Navy 0, R. H. E. 0 1 2
R.C.A.F. 4, R. H. E. 4 6 1
Batteries: Stebbings and Rogers; Braverman and Gordon.
Umpires—F. Tooby and W. Smith.

In women's fixtures played Tuesday night Units defeated Yarrows, 13 to 5, and R.C.A.F.

V.M.D. Win Soccer Trophy

Nose Out R.A.F. 3-2

Footballers wound up their nine-month season, Tuesday night, with the Victoria Machinery Depot nosing out the R.A.F., 3 to 2, in the deciding match for the Solarium trophy. Cecil Blakeburn, number one handy man of the V.M.D. all season, scored the winning goal. A regular halfback Blakeburn was holding down the right wing berth.

Shipyarders had to come from behind to win. Twice during the 90 minutes the British Flyers moved into the lead, on goals by centre-forward Truscott, only to have their opponents rally to tie the count and finally go on to fire home the clincher. It was a fine windup to a series between the season's bitterest rivals.

Seven minutes after the start, R.A.F. took the lead, Truscott accepting a pass from Cox, to whip the ball past Jack Evans in the V.M.D. goal. Flyers continued to command play but were unable to beat Evans again. V.M.D. finally settled down and Alvin Parks, clever inside right, took Morgan's pass and scored. Teams were still deadlocked at halftime.

Second half was only two minutes old when Truscott again found the net and the R.A.F. went ahead 2 to 1. Les Boulter fired a long lob into the V.M.D. goal area and Truscott cleverly headed in past Evans. The lead was short-lived as Reg Clarkson booted the ball into an empty net when Goalle Cockroft and Fullback Witham came together in an effort to clear.

Final goal of the match soon followed when Clarkson lifted in a long cross from the left wing, Blackburn cut in fast and smacked the ball between the posts. Goalle Cockroft's visor was blocked on the shot.

Alec Murray, Vancouver, refereed.

Mrs. A. W. E. Pitkethley, newly-elected president of the Solarium Junior League, presented the cup to "Red" Dougan, V.M.D. team captain, at the conclusion of the game.

P. J. Mulcahy, local commissioner, introduced Mrs. Pitkethley, and Alderman John Worthington, donor of the trophy.

Youngster Seeks Shortstop Job With Brooklyn

By HUGH FULLERTON
NEW YORK (AP)—Newest candidate for the Brooklyn Dodgers' shortstop job is 17-year-old Gene Mauch of Los Angeles, who has been working out with the Bums for a couple of days. He came from the same high school that sent Mickey Owen, Cliff Dapper and Roy Partee up to the majors. Carl Hubbell celebrated his 40th birthday by shagging flies during pregame practice, as usual.

Tom McHugh, Salt Lake City golf pro, has cooked up a new handicap system that sounds like a pip. A 95-100 golfer is given a three-hole handicap and is allowed to subtract the total strokes for his worst three holes from his score. The handicaps go down with the scores until a 71.75 shooter gets only a half-hole handicap. If they increase proportionately, this dept. may take up golf again. We'd rate about a 17-hole handicap.

Exhibition Lacrosse

Line-up of the Victoria Cougars for this evening's exhibition lacrosse game against the Jokers at Stevenson Memorial Park at 7 will be as follows: Woods, Sage, Bryant, Andrews, McFayzien, Moro, Mayo, Featherstone, L. and M. Saunders, McRae, Dawson, Allen, Pickford, James and McKeachie.

KAYO FOR BELLOISE

NEW YORK (AP)—Mike Belloise, veteran New York batter, stopped Gus Levine, 12½, New York, in the third round of a scheduled eight-round Tuesday night. Belloise, weighing 130, had Levine down for long counts early in the final frame before referee Jed Gahan halted the proceedings.

COSTANTINO WINNER

NEW YORK (AP)—Charles (Lulu) Costantino, New York featherweight now fighting in the lightweight ranks, won as he pleased Tuesday from Angel Aviles, 125, Mexico City, in an eight-round bout.

won from the Sports Club by default.

Canada has Produced

500,000

Military Vehicles

RUGGED, powerful battle vehicles have rolled away from Canadian assembly lines to form a gigantic "armada on wheels" . . . to plough their way through hub-deep desert sands . . . to haul men and firepower through jungle swamplands . . . to speed United Nations assaults through frigid nights.

In the great North African victory, *more than a third* of the military vehicles were from Canada. And on fronts all around the world, military experts have been loud in their praise of these sturdy products of Canada's automotive workers.

We have now reached a "landmark" . . . the 500,000th Canadian-built vehicle. Ford of Canada is proud of its part in producing a substantial proportion of this huge total. And today Ford workers dig in with renewed determination to back up our fighting men with *more and more and still more* fighting machines to carry the battle deep into enemy territory.

A.R.P. District 11 Holds Practice Test

Work of the Auxiliary Fire Service in an A.R.P. District 11 test practice held Tuesday night in the Foul Bay area, was lauded by Lieut.-Gen. E. C. Ashton, district warden, today, as outstanding.

Approximately 150 took part in the tests which were confined to district services and A.R.P. personnel, with the addition of two ambulances which were detailed by Insp. A. H. Bishop, from headquarters. There were 10 first aid posts which dealt with the 10 official incidents, and first aid workers handled the 14 minor occurrences.

"The work of the Auxiliary Fire Service was outstanding, I saw the fire squad on two occasions throwing two streams of water, two minutes after arrival at the scene of the incident," General Ashton stated. "Wardens attacked all fires instantly with stirrup pumps, ladders and other equipment."

Following the test he felt the workers were in need of more practice than knowledge in the future, and said that the test would be reviewed at a meeting to be held in a week. All features would be discussed, he maintained and attempts made to improve the service.

Officials were pleased with the test but declared themselves "not complacent" and ready to continue improvements. All work done involving treatment of high explosive and incendiary bombs was inspected by General Ashton, while G. A. Hebdien, gas inspector, noted precautions taken following assumed gas attacks.

District control room in Margaret Jenkins School was under T. O. McKay, deputy district warden and assistance was given by the staff at the central control room in the police station.

Fakir Chand's claim for wages allegedly due him from the Avon Lumber Co. Ltd. and Hurdit Singh was dismissed with costs in a County Court judgment handed down Tuesday by Judge H. H. Shandley.

Commissioner Lamb Faces Live Issues

Recuperating from the effects of a serious intestinal operation which nearly cost him his life, Commissioner David C. Lamb, C.M.G., L.L.D., O.F., who has spent over 57 years in the service of the Salvation Army, returned to Victoria Tuesday afternoon on his continental mission in the interests of postwar reconstruction.

He is accompanied by his daughter, Mrs. Ronald (Jane) Carter, and her two children, Polly and Geoffrey.

TO SPEAK HERE

On Monday next, Commissioner Lamb will address a public meeting in the city on what he asserts are "live issues."

After a lifetime with the Salvation Army he now definitely states he is a "free agent and under no obligation to anybody." Before coming on to Victoria, which is the first Canadian city he has stopped at this time, Commissioner Lamb spent some time in Florida, and from Miami he flew over to Nassau, the Bahamas.

"I suppose Nassau brings something to mind," he said. "I wanted to have a talk with the Duke and Duchess of Windsor and I did. In fact, I had a very happy time there."

The Duke is working hard on his educational scheme for the natives of the Bahamas, while the Duchess is actively interested in the management of a recuperational home for soldiers.

FOR ENDURING PEACE

On postwar reconstruction and prospects of an enduring peace, Commissioner Lamb has strong views.

"There will be no peace in the world while two ideas continue to exist, the one that lifts the state above the individual and the other that exalts treachery as a virtue," said Commissioner Lamb.

"The Japs thought they were smart at Pearl Harbor, and so they were, inasmuch that they timed their blow while peace talks were going on at Washington."

"That's their philosophy. It is not a matter of military strategy. It is higher than that. It is the conception of the eastern mind." "The evils I spoke of just now," went on the commissioner, "have got to be destroyed. You are never going to reconstruct the world while these evils exist."

"We have got to have a real reconstructive policy—not a blue print. Now is the time for business men and women to think out in general terms the policy they are to support after the war and to prepare themselves for the discipline and sacrifice involved in that policy. It should not be left entirely to the politicians."

On the question of international relationships in postwar reconstruction, Commissioner Lamb said: "Unless we rebuild on Christian ethics we will get nowhere."

Staggering of Hours Asked For Victoria

S. Sigmundson, regional transit controller, will be asked to draft a tentative plan of staggering hours for Victoria industries and business premises with a view to relieving transportation congestion, Ald. W. L. Morgan, chairman of the city's transportation committee, said today.

His announcement followed a meeting of the committee Tuesday evening with representatives of the Victoria and District Trades and Labor Council, the V.M.D., Oak Bay and Saanich Councils and the three major transportation companies in the city.

Staggering of hours was discussed in some detail at the meeting and the delegates asked the committee to seek information from Mr. Sigmundson on the success of the plan in Vancouver as well as its applicability here.

Also under discussion was the question of transfers covering the systems in operation here. A recommendation calling for parallel parking was submitted to the committee and suggestions for safety zones at car stops where traffic is heavy was referred to the police department for consideration.

A license permitting the city to sell coal, together with instructions regarding retailing and wholesaling, was received at the City Hall Tuesday from the War-time Prices and Trade Board.

Victoria Eats 576,000 Eggs a Week

Heavy Shortage Until Private Flocks Lay

A serious shortage of eggs in the Victoria area in the next six months was predicted Tuesday by William Hagger, Dominion Government Poultry Products Inspector, Victoria, if consumption continues at the present rate.

Urging the public to pay heed to repeated warnings to decrease egg consumption, Mr. Hagger said that this had doubled within the past year without noticeable increase in supply.

"Two years ago requirements of this area were 1,000 cases a week," he said. "Now they are at least 1,600 cases (576,000 eggs), with an undetermined number obtained from private flocks. At the same time production within a 40-mile limit of the city is 600 cases a week, so that we are mainly dependent on imports from the mainland."

INCREASED PRICES

"The rising demand has been accompanied by steady increases in prices, with two or three advances recorded within the past few weeks."

Advances of between two and three cents a dozen were recorded May 25, June 7, and again June 17, to reach the following prices, as quoted by Mr. Hagger Tuesday: Prices to producers, Grade A large, 37 cents per dozen; medium, 35; pullets, 32; whole-saler to retailer: Grade A large, 41; medium, 39; pullets, 36.

These prices, described by Mr. Hagger as "unusual," are approximately 15 cents a dozen higher than at the same season

TOWN TOPICS

Damages amounting to \$394.60 and costs were awarded Frank Collins in his action against J. T. Harper and C. J. Wriglesworth by Judge H. H. Shandley in County Court. Plaintiff, through Roy Manzer, sued for damages arising from an automobile accident on Esquimalt Road in August, 1941.

Weather permitting, the Cheer-up concert will be held in Beacon Hill Park tonight with a well varied program to entertain the hundreds who usually attend. Featured again will be the introductions by which U. S. visitors and service men from other parts of Canada are given the opportunity to meet hometown friends.

Loss of her wallet, containing \$12, as well as a brown change purse containing \$1 and house keys, while she was driving a bus, was reported to city police today by Nora Hoare, 3380 Whittier. In another report Mrs. John O'Sullivan, 1349 Grant Street, said her purse, containing four ration books, had been lost.

The board of directors of the Queen Alexandra-Solarium have received a cheque for \$519, representing the proceeds of the annual dance revue staged by Miss Florence Clough and her pupils at the Royal Victoria Theatre, May 19. The money has been earmarked for the maintenance of two cots at the Mill Bay institution.

Victoria Man Assists At Arcanum Ceremony

H. J. Applegate of Victoria, Past Grand Regent of the Grand Council of Washington, Oregon and British Columbia, Royal Arcanum, assisted in installation ceremonies at the 42nd annual session of the Grand Council in Vancouver.

Frank W. Johnson of Vancouver was elected and installed as grand regent, with J. Grassoff of California, Deputy Supreme Regent, the installing officer. Delegates from cities and towns throughout the Pacific Northwest attended the convention, which was held in Hotel Vancouver.

Mayor J. W. Cornett gave the official welcome at an informal dinner held the first evening of the session, and all other social functions were dispensed with, owing to war conditions.

Grand Council officers installed at the session were: Vice-regent, C. W. Clepper, Spokane, Wash.; orator, E. C. Evans, Seattle, Wash.; past regent and supreme representative, F. H. Anderson, Olympia, Wash.; secretary, J. J. Murphy, Seattle, Wash.; treasurer, L. R. Bergh, Tacoma, Wash.; chaplain, P. F. Finnigan, Tacoma, Wash.; guide, D. W. Spence, Victoria, B.C.; warden, T. A. Carter, Bellingham, Wash.; sentry, E. C. Gavin, Portland, Ore.; trustees, A. B. Langlie, Olympia, Wash.; J. J. Stewart, Victoria, B.C.; and R. K. Bennett, Olympia, Wash.

The following were elected as chairmen of standing committees: Laws and appeals, William Jones, Victoria; finance and returns, E. C. Gemberling, Tacoma; state of the order, S. Pasjacek, Vancouver, B.C.; council work, D. R. Park, Victoria; juvenile department, Thomas E. Miller, Tacoma.

War Objectors May Do Harvest Work

Conscientious objectors may be made available on Vancouver Island for casual labor, such as haying and harvesting, it was learned from W. A. McGillivray, director of the Emergency Farm Labor Service for B.C., when he visited Victoria Tuesday.

Mr. McGillivray stated that he had been advised by C. S. Henley, alternative service officer, Unemployment Insurance Commission, Vancouver, that arrangements had been made with the Department of Lands whereby such help might be used here.

Though no indication has been received as to the number of men who might be available, it is thought by officials of the Emergency Farm Labor Scheme that the aid of these men could be a great help in relieving the acute manpower shortage in the haying fields and in certain other types of work that cannot be done by the women, girls or young boys who have volunteered with the E.F.L.S.

Farmers must provide room and board and pay a definite rate of wages per hour, with a minimum of not less than an eight-hour day.

Mr. McGillivray urged that farmers who desire this form of help should apply to S. S. Phillips, area supervisor, 909 Government Street, Victoria, giving full particulars as to the number wanted, approximate dates required, for what lengths of time and the nature of the work to be done. Mr. Phillips will then transfer such requests to the forestry branch of the Department of Lands.

Conscientious objectors can only be released in farmers who live within a reasonable distance of alternative service camps as these men are subject to immediate call if required for fire-fighting.

Further information may be obtained from Local War Agricultural Production Committee, or 909 Government Street, Victoria.

Thanks Canadians For Aid to Greece

"We have 100,000 Greek boys in Canadian and American uniforms, and they will do what they can while our good king and the government are in Cairo organizing and waiting for the moment when they can strike," said Bishop Erineos of the Greek Orthodox Church of San Francisco, here to speak at Christ Church Cathedral tonight in connection with the drive for Greek relief.

The Greeks are grateful for the help they have received from Canada and Allied countries, and looked forward to the day when freedom would be restored, the bishop said.

"I wish to express to the Canadian people," he said, "the grateful thanks of my compatriots to Canadians, who through their government have sent wheat and medical supplies to my poor people. They have been given new life, and hope for the day when liberty will return to them."

Explaining the conditions in Greece since the land was overrun by the Nazi invader, Bishop Erineos said 2,000,000 Greeks have died, and whole camps are banded together without a crust of bread to divide among them.

He told how 28,000 Greek guerrillas, with some 3,000 English soldiers, and a similar number of Australians, fought in the Cretan Mountains against German tyranny. "The Greeks have always loved liberty, and they cannot be conquered," he said.

Inch-an-Hour Parkers Face New Regulation

Amendment of Victoria's streets traffic and regulation by-law to curb "inch-an-hour" action beating existing parking regulations is under consideration, F. L. Shaw, city solicitor, said today.

The issue had been brought to his attention by Inspector Walter Calwell, Mr. Shaw said. While the by-law amendment has not yet been drafted, it was understood it will put a stop to the practice by certain motorists of pushing their cars ahead a foot or two in restricted zones to overcome the regulations as they now exist.

When complete, according to information at the City Hall, the amendment will force motorists parking in such zones to drive their cars away within the time limit for the specified area.

A permit for \$500 repairs to the fire-damaged dwelling of J. R. Hourigan, 1719 Bank Street, was issued by the city building inspector's department today.

aid services in charge of Mrs. Ford of St. John Ambulance Brigade, nursing services under Miss C. L. Rose, R.N. After demonstration of post operations, the speaker will be Lady Burdon, O.B.E., speaking on post operations during the London blitz. The newly-acquired ambulance will be on display.

Funeral Friday of Rev. Montague Bruce

Rev. Montague William John Bruce of Llyn-Y-Mor, Mount Newton Crossroad, Saanich, well-known Anglican clergyman and a past president of the Victoria Rotary Club, died at Royal Jubilee Hospital Tuesday morning.

He is survived by his widow at home. Mr. Bruce had lived in Victoria 21 years, having come to British Columbia in 1919. For 20 years he assisted at St. John's Church, when Canon F. A. P. Chadwick was rector and conducted services at various Anglican churches throughout this area.

A native of Wales, Mr. Bruce obtained his B.A. degree at Oriel College, Oxford, in 1898, and his M.A. in 1900. The Bishop of Llandaff ordained him to the ministry in 1898 and he became curate of St. Woolos, Newport, where his father, Archdeacon Bruce, was rector.

A member of Victoria Rotary Club for six years, Mr. Bruce became its president in 1930-31 and was also a past president of the Associated Boards of Trade of Vancouver Island.

Rev. George Biddle will officiate at the funeral service to be held Friday in St. John's Church at 12 noon. Interment will be in St. Mary Magdalene Churchyard, Mayne Island, with Thomson Funeral Home in charge of arrangements.

The city detective office has an urgent message for Claude Corbett of Toronto, believed at the present time to be in Victoria.

Ward Abolitionists Of Saanich Meet

Plans for the petition to the Reeve and Council of Saanich for the abolition of the ward system in the municipality of Saanich, will be presented by the committee of the Saanich Ratepayers' Association for approval at the general meeting to be held in the Hall of Hearing, 1418 Douglas Street, Thursday, at 8.

The report of the delegation to the Municipal Council, which revealed the opinions of the councillors, will be explained by the delegates.

Other matters of interest will be the adoption of the constitution, reports of various committees, legal aspects and complete information on the petition.

The Cloverdale Ratepayers' Association will attend the meeting to lend its support. The meeting is open to all Saanich ratepayers.

SPOKANE, WASH. (AP)—Matchmaker Bud Oliver said Tuesday Henry Armstrong, who once held boxing crowns at three weights, would headline an outdoor card here Aug. 7 in Gonzaga Stadium.

Citizens of Oak Bay Tuesday showed the world the extent to which they are at war with the Axis.

Some 1,500 of them turned out at Windsor Park to see their neighbors parade not in the accoutrements of aggression but in the simple, utilitarian habiliments of defence against air attack.

Like seasoned troops they stood on the parade ground, slim debentures, greying matrons, heavy shod-workmen and plump bankers and brokers, all wearing the badge of the A.R.P. as grimly conscious of their responsibility.

While the band of the R.C.N. under Lieut. J. Cuthbert played a background of music they stood ranked for inspection by Premier John Hart, who was escorted by Reeve W. L. Woodhouse and A.R.P. Controller A. S. G. Musgrave and then heard their preparations praised by Hon. Herbert Anscomb, Minister of Public Works.

It was their responsibility that Mr. Anscomb spoke of after the inspection.

BEST IN CANADA
"I am proud of you and proud of Oak Bay," he said through the loud speakers. "This municipality's A.R.P. unit leads the whole of Canada. This war is unlike any other. It embraces everyone and preparation and responsibility for it fills a place in the life of every nation."

That responsibility of citizens, he said, was not only to themselves and their neighbors but to the fighting men overseas.

France fell, he said, because her citizens were not prepared to accept the responsibilities and hardships of nationhood in a world preparing for war.

No one knew what the future would bring, Mr. Anscomb said, and the great turnover in A.R.P. personnel made constant work and training necessary.

"We don't know when the Japanese will bring to our shores the same problems faced by the people of Europe," he said.

THANKS CITIZENS
Reeve Woodhouse, in introducing Mr. Anscomb, thanked A.R.P. members and citizens for turning out and made an appeal for membership in one of the many branches of the service.

The parade itself displayed a well-knit, smoothly-working organization, complete as to detail and equipment. Graduate nurses, ambulance drivers, volunteer nurses and first aid volunteers made up the staff personnel while A.R.P. wardens, auxiliary firemen, boy messengers with cycles constituted the men's section.

Equipment displayed included fully-equipped ambulances, emergency ambulances consisting of commercial delivery trucks lent by various Oak Bay business firms, pump engines and fire ladders wagons and cycles.

At the saluting base with Premier Hart and Mr. Anscomb were Lt. H. Patterson, R.C.N.V.R., Reeve E. C. Lockley of Esquimalt and E. C. Warren of Saanich, Commissioner T. W. S. Parsons, B.C. Police, Insp. S. F. M. Moodie, Capt. D. W. Leven,

Left to right: G. Ford, A. S. G. Musgrave, Premier John Hart and O. A. Butters inspect ranks of A.R.P. personnel at Oak Bay.

Jerome Kern Melody In York Musical

Columbia's "You Were Never Lovelier," which stars Fred Astaire and Rita Hayworth at the York Theatre tomorrow, is setting the pace for motion picture musicals. In addition to the dancing stars, the film features Adolphe Menjou and Xavier Cugat and his orchestra, as well as Jerome Kern's greatest musical score since his immortal "Show Boat."

But "You Were Never Lovelier" is remarkable for another reason. It is Hollywood's answer to the war-inspired problem of meeting a materials shortage, and doing so on a lavish scale. It is, further, the final answer to Hollywood's incessant search for a musical film formula suitable to screen limitations.

CAPITOL THEATRE
A henna job and a permanent wave finished the job of turning Laird Cregar from a sophisticated actor into a grizzled, hard-bitten prospector for his role in 20th Century-Fox's new Technicolor musical, "Hello, Frisco, Hello."

Laird's bulk was all right for the part, but Director Humbertstone wanted to make him more volatile for the Technicolor in which the film, currently at the Capitol Theatre, was produced. The first decision was to give him a fierce red beard and then his hair was dyed to match the beard.

After his hair was hennaed, a permanent wave machine finished the job of making it look as violent as his beard.

Alice Faye, John Payne, Jack Oakie and Lynn Bari are starred in the singing and dancing extravaganza set to the gay tempo of life along San Francisco's Barbary Coast.

ATLAS THEATRE
George Formby is at the Atlas Theatre in his usual characterization of a simple Lancashire lad.

Formby, a young chimney sweep's help, has ambitions to win a T.T. race. He gets the opportunity and in doing so meets with many and varied adventures. Florence Desmond is the feminine lead, bewitchingly charming as one of the boy's enthusiastic supporters.

The story, written by Walter Greenwood, author of "Love On The Dole," lacks nothing in humor and provides the two stars with perfect roles.

OAK BAY AND PLAZA THEATRES
Destiny Durbin's eleven starring vehicle, "The Amazing Mrs. Holliday," now playing at the Oak Bay and Plaza Theatres, is one of Universal's most important offerings for the current season.

The new film, boasting a large cast which features Edmond O'Brien, Barry Fitzgerald, Arthur Treacher and others, was produced and directed by Bruce Manning.

Other notables in the list of players are Esther Dale, Harry Davenport and Grant Mitchell.

CADET THEATRE
A hilarious comedy and a sparkling musical are rolled into one fast-action film in RKO Radio's "Seven Days' Leave," in which Victor Mature and Lucille Ball are starred, is now at the Cadet Theatre.

244 Given Permits
VANCOUVER (CP)—Seven hundred and seven men of army call-up age have reported to Selective Service in Vancouver under federal job transfer orders, and 244 of this total have been given temporary permits to remain in their present non-essential industries or occupations.

It was learned, Seventy-seven men have been transferred to essential jobs, and another 38 have been given seven days' notice to report to vital industry.

THE *first* 500,000

On far distant shores, in other climes, wherever the sound of battle is heard, there serves the Canadian-built war vehicle. Today, Canada celebrates the completion of the first half-million units. With more than fifty different types, all military needs are met by these mechanized "weapons of war." The conversion of peace-time industry, enabling it to produce this vast number of vehicles, is one of the miracles of Canada's War Effort. With this amazing record behind them, the Motor Car Makers of Canada are swinging into their second half-million, in the firm belief that the assurance of Victory is dependent upon the ever-growing strength and equipment of the United Nations.

The men and women of General Motors are proud of the part they have played in the production of this first half-million vehicles, and in the guns, shells and airplane parts that are being produced in their plants. Until the battle ceases, "Victory Is Our Business."

Freedom is at stake... freedom
for you, for your children, and
for your children's children.

Canadian men are fighting for
that freedom on the battlefields
of the world. They need guns,
tanks, planes, and thousands of
other items so vital to victory.

These munitions cost money...
lots of money... and it's up to
all free men to dig up the neces-
sary dollars with which to back
up our fighting men on the
world fronts.

SIDE GLANCES

By Galbraith

"She says she can get a girl for you too, Bill, a wonderful personality and brilliant conversationalist—sounds pretty bad, huh?"

is looking embarrassed and has
damn written all over him. Why
is this? AN OBSERVER.

Answer: I wish I knew because
I have observed the same strange
phenomenon myself and won-
dered at it. It must be that the
girls who do this have never had
a date before and they feel that
if they let this one escape they
will never have another. But why
the sailors and soldiers submit
to being made figures of fun by
predatory little nitwits, I can't
imagine.

head or feet, and it stays in one
place, as if it were a plant.

Yet the sponge is correctly
called an animal. It eats and
breathes, and certain parts of it
keep up a strong motion in the
water.

The sponge has no single large
mouth, through which to take
food. Instead it has thousands of
tiny "mouths." The tiny mouths
are known as "pores," and water
keeps passing into them.

The water is brought in
through the motion of "flagella"
or "whipping cells." Located
about the sponge pores,
these cells move back and forth,
whipping the water at high
speed.

In the water are tiny animals
or plants which serve as food for
the sponge. There is no special
stomach, but the cells of the
sponge take what food they can
from the water which passes by.
They also take oxygen from the
water, and that is how they
breathe.

A number of openings much
larger than the pores exist in the
sponge's body. These openings
serve as "exits" for the water
from which food and oxygen
have been taken.

Sponges are fastened to the
bottoms of seas and oceans in
many parts of the world. They
are most common in the tropics,
but are found far to the north in
the Atlantic and the Pacific.

There are many kinds of
sponges. Some reach a height
of no more than half an inch.
Others grow until they are two
or three feet high.

Sponges used for washing win-
dows and other purposes of the
kind belong to a special sponge
family. Their skeletons, when
dry, are soft and perhaps even
silky.

Many kinds of sponges have
hard skeletons, and among these
is Venus's flower-basket. This
glassy sponge is a native of
waters around eastern Asia. In
former times some travelers
called it skeleton "the work of
skilled Chinese carvers." Today
we know that it is one of Na-
ture's products.

Sponge Takes Food Through Thousands Of Small Mouths

Two or three times during the
past year, I have talked with a
man or woman who supposed
that the word "animal" should
be used only for the furry ani-
mals known as mammals. Actu-
ally the animal kingdom
includes many types of living
beings. A fish or a bird is just

as truly an animal as a bear or
a rabbit. Snakes, lizards and
alligators also are animals.

Even the insects are classed as
animals by scientists. So are
many strange and lowly forms of
life which live in the sea.

The sponge is not the lowest
form of animal life, but it is one
of the very low forms. It has no

EAT MORE BREAD

—bake it with
Fleischmann's
fresh Yeast—it
puts B vitamins
into the loaf

Bread is one of the best energy starters your body has. It's a standard high-energy food—that's low in cost! And bread baked with Fleischmann's fresh Yeast is a standard for fine taste and dependable quality.

That's why Fleischmann's has been such a favorite in Canada for over 70 years. It assures extra good, smooth-textured bread every time. If you bake at home, ask for Fleischmann's fresh Yeast—with the familiar yellow label. At your grocer's!

SUPPLEMENT YOUR VITAMINS by eating 2 cakes of FLEISCHMANN'S fresh Yeast every day. This fresh yeast is an excellent natural source of the important B Complex vitamins.

Your Grocer has Postum Cereal Beverage

SUPPLIES of this grand-tasting beverage are ample. It's the form of Postum that you prepare like coffee—in a pot or percolator or other coffee-maker.

Postum Cereal Beverage has all the famous, invigorating Postum flavor. Of course, it doesn't taste like coffee or tea. It has a different flavor all its own.

And Postum Cereal Beverage is safe for anyone to drink.

If You Use a COFFEE-POT or PERCOLATOR

Directions for making Postum Cereal Beverage in a coffee-pot, percolator or drip-type coffee-maker, are printed on every package. If you prefer a more robust flavor, use rounded tablespoonfuls in measuring instead of level tablespoonfuls.

If You Use a Silex Glass COFFEE-MAKER

Use the same proportions—BUT allow Postum Cereal Beverage and water to remain in upper bowl 3 minutes before removing from heat.

POSTUM Cereal Beverage

A Product of General Foods
